

VOLUME 84—NUMBER 50.

WOULD ASK FRANCHISE OF JITNEYS

Bill Introduced in Legislature
Puts Them In Same Class
As Street Cars

RECONSIDERATION OF
ANTI-SCREEN-BILL
DEFEATED.

LICENSE COMMISSIONER

Shall Be Selected at Pri-
mary Says New Bill to
Decentralize Present Li-
cense System—Further
Restrictions Proposed for
Breweries and Dealers—
Governor Disapproves.

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 16.—Jitney bus-
es would have to be licensed under
city council franchises on the same
basis as street car companies, if the
legislature should enact the bill in-
troduced today by Representative
Morris, of Van Wert. The bill au-
thorizes councils to issue franchises
to all "transportation lines" using
city streets, and forbids operation
without such a franchise. The con-
tract could be for no longer period
than 24 years. This measure would
result in jitney bus lines being com-
pelled to pay a regular excise tax.

Provision for the hours of
closing of saloons outside municipali-
ties, is contained in a bill introduced
today by Representative Garver,
of Holmes.

Representative Clark of Warren,
presented a bill, paying the way for
county commissioners to erect mem-
orial halls.

To remove all legal obstructions
to the establishment of schools for
mentally defective children by local
boards of education, is the object of
a bill introduced by Representative
Briggs of Cuyahoga. He also pre-
sented another measure to legalize
the incorporation of architects com-
panies.

Representative Klous, of Madison,
offered a bill to provide that may-
ors or police judges might require
prisoners confined in village or city
jails or workhouses to labor on roads
or streets and allow them credit for
(Continued on Page 15, Col. 3.)

WHEAT MAINTAINS A HIGH PRICE IN CHICAGO MARKET

(ASSOCIATED PRESS TELEGRAM)
Chicago, April 16.—Unprecedented
demand from exporters at Buenos
Ayres today gave the wheat market
here an upward swing. It was said
Italy, Greece and Portugal were bid-
ding freely for the Argentine sup-
plies and that in addition, France
was buying on a large scale in Liver-
pool. There were advices also that
a good foreign demand was in exis-
tence at the United States seaboard.
Opening prices which varied from
1-3c off to 1-8c advance, were fol-
lowed by decided gains all around
and then a moderate setback.

Sharply higher prices for corn at
Liverpool tended to lift the value of
the cereal in Chicago. Wheat
strength further aided the bulls. After
opening 1-4 to 3-8c to 1-2 to
5-8c up, the market continued to
climb.

Offerings of oats proved light and
shorts appeared anxious to cover.
The principal reason given was the
buge in other grain.

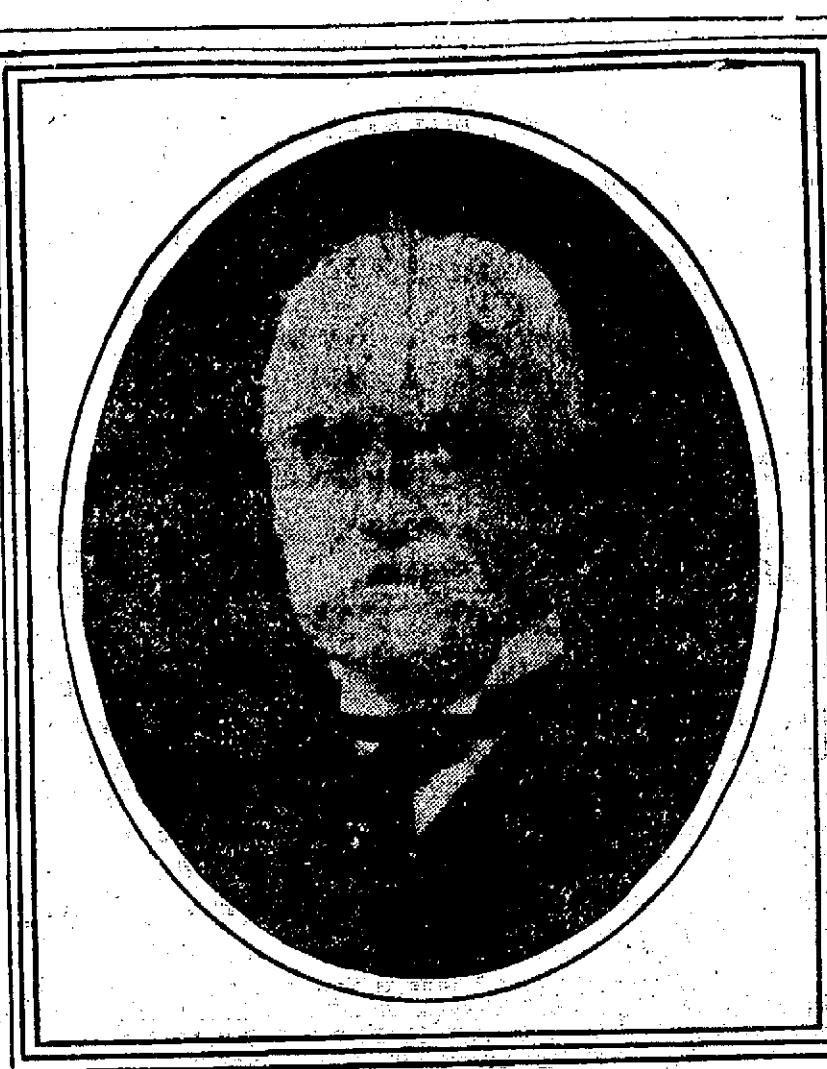

Provisions hardened owing chiefly
to the smallness of the increase in
packing house stocks and because of
higher prices for hogs. Trade
though lacked volume.

MOTHER AND SON BADLY BITTEN BY SAVAGE DOG

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Ohio, April 16.—Charles
Ostrander, 8, and his mother, Mrs.
Anna Ostrander, are in a hospital in
serious condition today, following an
attack on the boy by a dog, thought
to have been mad. The boy was at-
tacked while on a moving van in
front of his home this morning, and
dragged down the street, his flesh
being torn and his leg broken. The
mother finally threw herself on the
dog to save her son. She was pain-
fully bitten.

CHILD KILLED BY A CAR.
Stenbenville, April 16.—Libera-
tore Desmonde, aged 4, was run
down and killed by a traction car
here yesterday. Angelo Persetto,
aged 32, was crushed to death at
Mingo steel mill last night.

Nelson W. Aldrich.

Ex-Senator Aldrich Dies Of Heart Trouble In New York; Was Prominent Republican

(ASSOCIATED PRESS TELEGRAM)
New York, April 16.—Nelson W.
Aldrich, for 30 years United States
senator from Rhode Island and Re-
publican leader, whose name was
stamped upon tariff and currency
legislation of his party, died of a
stroke of apoplexy at his home on
Fifth avenue, here today. He had
been ill of indigestion since yester-
day afternoon. Until then he had
been in excellent health. He was in
his seventy-fourth year. Senator
Aldrich will be buried Sunday after-
noon in Swan Point cemetery, Provi-
dence, R. I.

Dr. John S. Thatcher, his family
physician had left Mr. Aldrich less
than half an hour before he died.
When Dr. Thatcher left Mr. Aldrich
appeared to be recovering from the
slight attack of indigestion which
put him in bed yesterday afternoon.
Ten minutes after the physician left,
however, Mr. Aldrich suddenly be-
came unconscious. He died within a
few minutes.

Members of his immediate family
were hurriedly summoned, when he
became unconscious and were at the
bedside when he died. They includ-
ed Mrs. Aldrich, his wife, Miss Al-
drich and Mrs. John D. Rockefeller,
Jr., his daughters and Winthrop Al-
drich, his son. John D. Rockefeller,
Jr., Mr. Aldrich's son-in-law could
not be reached in time and was not-
ified of his death within a few min-
utes after he had died.

This announcement was made to-
day at Mr. Rockefeller's office.

"Senator Aldrich died at his home,

908 Fifth avenue, New York City,
about 10 o'clock this morning of an
apoplectic stroke."

Mr. Aldrich became ill early yes-
terday afternoon. Dr. Thatcher was
summoned, but could not be reach-
ed. Dr. Allen M. Thomas was then
summoned to the Aldrich home. He
diagnosed Mr. Aldrich's illness as a
slight attack of indigestion and Mr.
Aldrich went to bed. Soon after-
wards, Dr. Thatcher reached the Al-
drich home, remained a few minutes
and departed.

This morning, Dr. Thatcher called
on Mr. Aldrich about 9:30 o'clock.
The patient seemed to be in good
spirits and to be suffering of noth-
ing more serious than a slight at-
tack of indigestion. After chatting
with him about 10 minutes, Dr.
Thatcher left the house.

Ten minutes later, Mr. Aldrich was
stricken.

Mr. Aldrich was born in Foster,
R. I., Nov. 6, 1841, and entered polit-
ics at the age of 34. He served in
the Rhode Island assembly and in
1897 was sent to Congress. Two
years later he was elected United
States senator. He represented
Rhode Island in the senate until
1911, when he retired. For years
he had occupied a dominant place in
the national councils of his party.

Senator Aldrich was prominently
associated with the tariff legislation
known as the Payne-Aldrich tariff
bill during President Taft's adminis-
tration, when an effort was made to
revise the schedules. This bill later
became a campaign issue.

ITALY FORMS MOST PERFECT WAR MACHINE

NOW HAS 1,200,000 MEN UNDER
ARMS AND EQUIPPED "TO
LAST BUTTUN."

Men Eager To Take Part in Con-
flict and Officers Restrained
Them With Difficulty.

(ASSOCIATED PRESS TELEGRAM)
On the Italian Frontier via Paris,
April 16.—Italy today has 1,200,000
first line soldiers under arms. They
are from twenty to twenty-six years
of age. They are perfectly armed
and equipped otherwise "to the last
button."

General Zupelli, the Italian min-
ister of war, speaking on the mili-
tary situation in Italy, said a
miracle had been accomplished in
that country which for about twenty
years had maintained a military
organization merely for the preser-
vation of peace had created what he
termed one of the most perfect of
war machines.

The change was not easy, General
Zupelli said, as was proved wherever
the same work was attempted. Great
Britain, for example had faced the
same problem and though possessing
greater resources, was even less pre-
pared than Italy.

The war minister said that the
equipment of the army was superior
proportionately to that of the Ger-
man army at the beginning of the
war.

Eagerness of the soldiers con-
centrated along the frontier to begin
action is so great that their officers
are compelled to hold them closely
in check for fear of disturbing
border incidents.

FAIRBANKS IS PLEASED WITH FRAUD CASES

(ASSOCIATED PRESS TELEGRAM)
Terre Haute, Ind., April 16.—
Former Vice President Charles W.
Fairbanks, in an address at the state
normal school here today, at the ob-
servance of Arbor day, referred to
the election frauds of this city and
the trial in the federal court at In-
dianapolis. He took occasion to con-
gratulate Terre Haute upon what he
termed his triumph over "crime and
lawlessness."

"In the vindication of the majesty
of the law," he said, "there is uni-
versal satisfaction. It is an assur-
ance of the rule of righteousness in
the future."

SCHOOLS CLOSE FOR FUNERAL OF WM. R. NELSON

(ASSOCIATED PRESS TELEGRAM)
Kansas City, April 16.—Flags
were set at half mast here today.
Schools and public libraries were
closed and hundreds of business
and factories suspended operations
during the hour of the funeral of
William R. Nelson, editor of the
Kansas City Star, whose death oc-
curred Tuesday.

The services at the Nelson home
were open. Private services were
held at Mount Washington cemetery.
Pallbearers were selected from
among employees of the Star, various
departments being represented.
There were no honorary pallbearers
and simplicity marked all arrange-
ments.

Many civic and commercial or-
ganizations gathered to attend the
services in membership bodies and
scores of friends of Mr. Nelson from
other cities were represented.

The word humbug is of Irish ori-
gin and means soft copper or worth-
less money.

STATEMENT OF HUERTA IS HUMBUG

Says Carranza Minister After

terview

HUERTA COULD HAVE
PREVENTED MUR-
DER.

SIGNED INTERVIEW ISSUED

By Huerta Says Responsi-
bility for Madero's Death
is State Secret Which He
Proposes to Keep—De-
clares Washington Has
Been Unfair to Mexico In
Its Attitude.

(ASSOCIATED PRESS TELEGRAM)
Seattle, Wash., April 16.—"That's
all humbug," said Colonel M. Perez
Romero, recently appointed Carranza
minister to Japan, and brother of
Mrs. Francisco Madero, widow of
the late President of Mexico, last
night, when shown a statement is-
sued in New York yesterday by Gen-
eral Victoriano Huerta, former pro-
visional president of Mexico, dis-
claiming responsibility for the death
of Mr. Madero.

"Disregarding the question of who
actually shot President Madero, the
fact remains," said Colonel Romero,
"that General Huerta was in power
and could command the armed forces
of the country. President Madero
was his prisoner and while in his
power was assassinated. How Hu-
erta can attempt to evade responsi-
bility for his death is inconceivable."

"I was an eyewitness to all the
happenings of those tragic days ex-
cept for several hours from 10 o'clock
at night until 6 o'clock in the morn-
ing, when Mr. Madero was killed. At
5 o'clock I traced the automobile to
the penitentiary and there saw pools
of blood behind the prison and was
told by persons coming away that
there the president had been shot by
the soldiers."

"These facts have all been gone
over, time and again. It is useless
for General Huerta to disclaim re-
sponsibility."

DENIES RESPONSIBILITY.

New York, April 16.—Vehemently
asserting that he had nothing to do
with the death of Francisco Madero,
General Victoriano Huerta, former
provisional president of Mexico, is-
sued a lengthy signed statement last
night setting forth what he termed
his side of the Mexican question.

General Huerta declared that he
knew who was responsible for Ma-
dero's death.

(Continued on Page 2, Col. 2.)

VILLA FORCES DEFEATED BY GEN. OBREGON

CONSUL SULLIMAN CABLES THE
STATE DEPARTMENT CAR-
RANZA'S STORY

Thirty Cannon and Many Prisoners
Captured While Losses in Dead
And Wounded are Heavy

(ASSOCIATED PRESS TELEGRAM)
Washington, April 16.—Consul Sullim-
an at Vera Cruz cabled the state de-
partment today a summary of the
Carranza reports of a victory by Gen-
eral Obregon over the Villa forces
near Celaya. Rout of the Villa army
with the capture of thirty pieces of
artillery and many prisoners was
claimed.

Department officials were awaiting
detailed reports from both sides be-
fore accepting as definite the result
claimed by Obregon.

Later the department received ad-
vices from Irapuato saying hostili-
ties at Celaya were still in progress
with slight advantage on the side of
the Villistas, who the department
announcement says, have completely
surrounded the city and cut the rail-
road behind the Carranzistas.

The Carranza agency made public a
telegram from General Carranza
quoting General Obregon's report on 25
hours of fighting at Celaya. Obregon
announced a complete victory over
Villa, who he said, attacked Celaya
Wednesday morning at 6 o'clock with
12 of his generals and 30,000 men in
three armies.

After describing his defensive
measures, followed by charges and an
advance of sharpshooters, the Obregon
report said:

"As soon as this movement was be-
gun the enemy showed signs of disor-
ganization and complete disorganization."

Secretary McAdoo Leads Big Banking Fight

W. G. McADOO
© HARRIS & Ewing.

Secretary of the Treasury William
G. McAdoo and Controller of the
Treasury John Skelton Williams
created a sensation when they at-
tacked the methods of management
of the famous Riggs National Bank
of Washington, D. C. In a statement
issued from his office Mr. Williams
made a bitter attack on Charles C.
Glover, president and other officers
of the National City Bank of New
York, the largest bank in the United
States, is a director in the Riggs,
and is believed to have a financial
interest in it. Bankers have suspec-

ed, because of statements heretofore
made by treasury officials about the
National City Bank, that there was
some feeling against Mr. Vanderlip.
At any rate, they fear a controversy
between the big bank and the
treasury.

The attack on the Riggs bank was
carried so far that the controller
announced he would not sanction the
use of it as the depository of funds
of national banks outside the capital.
Financiers and bankers wait with in-
terest to learn whether or not the
trouble will develop into a fight be-
tween important financiers and the
treasury officials.

Suit Against Sec. McAdoo Postponed by Justice McCoy; May 12 Is New Date Selected

(ASSOCIATED PRESS TELEGRAM)
Washington, April 16.—Justice
McCoy, of the District of Columbia
supreme court today signed an or-
der, postponing until May 12, the in-
junction case of the Riggs National
Bank against Secretary McAdoo and
Comptroller of the Currency Wil-
liams.

The order provides that the tempo-
rary injunction restraining John
Burke, United States treasurer from
payment into the treasury of \$5000

interest on bonds of the bank with-
held to cover penalties for alleged
failure to make reports, shall contin-
ue until the hearing next month.

Counsel on both sides agreed to
the postponement, although former
Senator Bailey, chief counsel for the
bank, preferred an earlier date.

Louis D. Brandeis chief counsel for
the government in requesting post-
ponement, said that it was made as
a tribute to the importance of the
case.

PUBLIC HEARING WEDNESDAY NIGHT ON THE FOX BILL

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 16.—A public
hearing on the Fox bill, to remove
any possible legal obstacles to the
work of Christian Science practition-
ers, will be held in the house next
Wednesday evening, according to an-
nouncement made today.

RECEIVER GETS NO BIDS FOR W. & L. E. ROAD

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., April 16.—The effort
of Receiver William M. Duncan, re-
presenting the United States district
court here to sell the Wheeling and
Lake Erie railroad at public sale here
today failed. There were no bidders.

Report that a group of eastern cap-
italists would make an effort to pur-
chase the road proved unfounded. At
the last sale effort, no bids were re-
ceived. The upset price is fixed at
\$18,500,000, but additional obligations
and needed improvements would make
the investment \$45,000,000 to any pro-
spective purchaser.

HURT IN WRECK: DIES.
St. Clairsville, April 16.—William
Boyd, aged 73, a civil war veteran,
died suddenly yesterday. He had
never recovered from injuries re-
ceived in the wreck of a passenger
train here a year ago.

TAUBES IN A NEW ATTACK ON ENGLAND

Air Raiders Soar Over Kent,
Within Thirty Miles
Of London

LONDON REPORTS RAID
WAS WITHOUT MILI-
TARY ADVANTAGE

FRENCH ARE AGAIN ACTIVE

Imperial German Headquar-
ters Attacked In Retali-
ation for Zeppelin Raid On

Night Attack.

(ASSOCIATED PRESS TELEGRAM)

London, April 16.—Pronounced
activity at the German airship bases
at Finken and Cuxhaven today is re-
ported in telegrams from Holland.
An urgent call was issued in Lon-
don this afternoon for special police
to go on duty at 5 p. m.

According to reports from Holland
three Zeppelins were seen today fly-
ing westward over Dutch islands in
the North Sea. Count Zeppelin is
said to be directing the movements
at Cuxhaven.

German aeroplanes this afternoon
were dropping bombs in Kent, within
30 miles of London. The machines
first made their appearance over
Horne Bay to the east of Canterbury
and about 50 miles from London.
Within a few minutes they were re-
ported over Canterbury, closer to the
capital, and very shortly afterwards
they appeared over Faversham and
then over Sittingbourne, not more
than 30 miles away, dropping bombs
on each town.

This was the third German aerial
attack on the eastern counties of
England in the last 36 hours. The
two previous attacks were made at
night by Zeppelin airships. This
raid was carried out by aeroplanes.
Aerial onslaughts however, have
not been limited to the Germans.
French official reports claim a suc-
cessful bombardment from the sky of
the Imperial German headquarters
in retaliation for a Zeppelin assault
on Nancy.

A German wireless reports credit
to a Swiss newspaper the statement
that French airmen have dropped
bombs on several German towns un-
protected by anti-aircraft guns.

London no longer considers itself
immune from air raiders of the Ze-
ppelin type. It is realized also that
even aeroplanes could bombard the
city. Zeppelins on their recent night
raids have traveled further from
(Continued on Page 2, Col. 3.)

GERMANS REPORT USE OF BOMBS BY THE FRENCH

(ASSOCIATED PRESS TELEGRAM)

Berlin, April 16.—(By wireless to
Sayville, N. Y.)—The statement from
the war office today is as follows:
"Near Ostend and Nieuport, some
enemy destroyers took part yesterday
in artillery fighting, but were quick-
ly silenced."

"On the southern border of St.
Eloi, we occupied two houses. South
of Lorette Height, fighting began
again last night."

"Between the Meuse and the Mos-
elle, only artillery duels took place.
The use of bombs developing
asphyxiating gas and of explosive in-
fantry cartridges by the French is
daily becoming more frequent."

"Aviators were unusually active
yesterday as the weather was favor-
able. Hostile aviators threw bombs
on places behind the German front.
Freiburg also was visited. At this
place, several civilians, including
children, were killed or wounded."

"On the eastern front the situation
is unchanged."

"In skirmishes near Kalwary
(Russian Poland) in the last few
days, 1040 Russians were taken
prisoners and seven machine guns
were captured."

WM. GLADSTONE KILLED.

London, April 16.—William G. C.
Gladstone, grandson of the great
Liberal statesman, has been killed in
action in France. Participants of his
death are lacking. Gladstone was 85
years old. He was a Liberal mem-
ber of the house of commons. In
1810 and 1811 he served as an at-
tache to the British embassy in
Washington.

DIES IN HIS 100TH YEAR.

Chatham, N. B., April 16.—Sp-
rick Lloyd is dead at Milbank, in his
one hundred and eighth year. He
was born in Limerick, Ireland, on
St. Patrick's day, 1808.

BRITISH ARMY SAID TO NUMBER TWO MILLIONS

(Associated Press Correspondence) London, Tuesday, April 6.—It is impossible even for members of parliament to find out how many soldiers Great Britain has in training. They have put the question in the house of commons and the war office has refused to answer it, saying that the information would be so valuable to the enemy that it must remain secret.

Meanwhile, the friends of conscription, which include Lord Northcliffe's papers, are preaching of the need of preparing for that form of recruiting and in the daily papers are such appeals as that appearing today from the recruiting committee for Taunton, which says:

"As all efforts now made to obtain the enlistment of the many hundreds of young, eligible, single men in this town and district fail to meet with success, the government should start without delay some compulsory system."

This government, still continuing its poster and newspaper advertising campaign, shows not the slightest disposition to do, apparently satisfied with the present progress, which as Chancellor of the Exchequer Lloyd George has said, has produced the largest volunteer army the world ever saw.

A prominent official with knowledge of the situation, is the authority for the statement that the British troops so far put into the field, including Canadian, New Zealand, Australian and Indian units—regulars, territorials, volunteers and all—probably amount to two and a half million men.

As the British, when the war started, told the French they could send but 120,000 men to help them this seems a large army. Whether it is accurate or is deemed satisfactory by the government, cannot be said, though it is significant that the advocates of conscription seem utterly unable to move the authorities toward any form of compulsory service.

ELK BOWLERS WILL BATTLE AT COLUMBUS

The Elk bowling club of this city will journey to Columbus this evening and will endeavor to capture the trophies of the Capital City Elk club on the Gettost battle grounds, corner of High and Town streets. The formidable lineup will be under the command of General Homer "Rube" Case, Jr. Col. George Graesser will have charge of the firing line and will be ably assisted by Major By Dickinson, while Captain Harbottle and Lieutenant Harry Gledenerberger will look after the battlements.

A number of rookies will accompany the local squad and there promises to be several important engagements. The wounded will be taken care of by Brigadier General Gettost and after an exchange of compliments across the firing line the foreign invaders will be taken care of at the commissary department. The battle lines will form promptly at 8 o'clock and there will be a number present to witness the test of superiority. The local club has made arrangements to celebrate the victory in this city at a later date.

COMMISSIONERS GRANT TRANSFER TO WEST ENDER

Frank Pfeffer, proprietor of a cafe at 159 South Williams street has been granted a transfer by the Licking county liquor license commissioners to move his cafe to No. 6, corner of Union and West Main street. Mr. Pfeffer will occupy the room in the building known as the Tinnel Beuhler property, lately occupied by the Moser pool room. He expects to redecorate and refurnish the place and run an up to date and modern restaurant and cafe.

CAPITAL CITY LEAGUE OPENS SEASON SUNDAY

The opening game of the Capital City League will be played Sunday at Wehrle Park. Newark being represented in this league by the C. A. C. club. Game called 2:30 p. m. The following is the line-up of the Newark club:

Davis or Welsh, cf; Carr, 1b; Winters, rf; Boole, 3b; Cashdollar, lf; Bishop, ss; Jones, 2b; McCarty, c; Carpenter or McArthur, p.

The death rate among underground workers in the United Kingdom increased from 1.25 in 1912 to 1.74 a thousand in 1913.

4% Old Home

Do You Believe

in truly INVESTING your surplus money? Or do you believe in BURYING it in reality in some enterprise where it may earn 6 per cent. or 7 per cent. and again may earn nothing, where you may not get it all back again sometime or may not get it back at all?

First Mortgage Security, an ample Surplus Fund and strict State Supervision protect your funds in this "Old Home."

Give your surplus money a fair chance to earn the safe rate of 4 per cent. while absolutely secure and quickly available here.

THE HOME BUILDING ASSOCIATION COMPANY

OF NEWARK, OHIO

DIABETES YIELDS IN HOSPITAL

Place—Good Samaritan Hospital in Dawson City, Alaska. Patient—G. A. Hatch, a business man of Dawson.

Prognosis—Hopeless, not only because physicians considered it so, but the condition of the patient was so extreme that death was believed to be not far away.

A friend of Hatch's heard about his plight, told him that he had been in the same fix and sent to California for Fulton's Diabetic Compound and it had restored him to business. He kept some on hand and would loan Hatch some till more could be had.

To the surprise of Hatch's friends, he began to mend and four months later he was on his way for a visit to his old home in Portland, Maine. Passing through San Francisco, he called and gave us this item.

The ability of Fulton's Diabetic Compound to oppose Hepatic degeneration and reduce sugar in many cases of Diabetes in people aged fifty and upwards is not a matter of opinion but a FACT IN PHYSICS and we will mail formula that will show the percentage of sugar from week to week. As the sugar disappears, improvement commonly follows, recoveries have been reported in many cases. Formula and literature mailed on request. John J. Fulton Co., San Francisco. F. D. Hall is local agent. Ask for pamphlet.

E. A. DEEDS QUILTS N. C. R. AT DAYTON; WAS GEN'L MANAGER

Mr. E. A. Deeds, of Dayton has resigned his position as vice president and assistant general manager of the National Cash Register company at Dayton.

Mr. Deeds, is a former Licking county boy, and a graduate of Denison University. He has been connected with the National Cash Register company for the past 15 years, entering its employ as electrical engineer. Mr. Deeds resigns to devote his time to his own interests, which are now devoted to the Engineering Laboratories company, which manufactures the Delco starting, lighting and ignition system for automobiles.

STATEMENTS

(Continued from Page 1.) dero's death, but that he was keeping it as a "professional secret."

General Huerta's statement reviewed the history of the Madero revolution, his own accession to the provisional presidency and concluded with the assertion that "my country cannot be conquered." Sixteen millions of men, women and children would have to be killed before Mexico would submit to an invader, he asserted.

The heads of the Washington administration, he declared, had not been fair to Mexico, had been misled by false statement and if they had been in Mexico for 20 days "they would have changed their theoretical, erroneous ideas." Had it not been for the embargo on the exportation of arms from this country, General Huerta indicated that his army would have prevailed over those opposed to it.

The former provisional president reiterated the assertion he made when he left Mexico last year, that he had resigned from his position only because he hoped to bring peace to his country.

He pointed out that in the eight months elapsed since that date the situation in Mexico has become "too sad for me to analyze deeply."

"Anarchy is too soft a word to call it," he said. Mexico would eventually be saved, but by a Mexican. Who that would be, he did not know.

General Huerta declined, in response to questions, to give any inkling as to his future movements. He denied the report that he would go to San Antonio, Texas, or any other point near the Mexican border. Discussing the death of Madero, he said:

"That is a professional secret. Lawyers have secrets, doctors have secrets—I am a soldier—why should not a soldier have secrets? It is not through friendship for anyone that I am withholding the information. It is a professional duty."

Beggars in Turkey have established a trade union with 10,000 members.

GOTHAM POLICE BAFFLED WITH LATEST MYSTERY

(Associated Press Telegram) New York, April 16.—Renewed efforts were made by the police today to solve the mystery surrounding the identity of the murdered woman whose body was found under a pile of stones in a vacant lot in the Bronx last Saturday. Not until yesterday, when Mrs. William H. Burk, formerly Miss Claudia Hansbury of Troy, N. Y., appeared at the Troy police station, did the New York police entertain much doubt that she was the woman who had been murdered. Mrs. Christopher Carr of this city had previously identified the body as that of Miss Hansbury, her niece.

Police Inspector Faurot sent men to Troy today to bring Mrs. Burk and her brother Thomas Hansbury here to view the body of the murdered woman.

Raffaele Viullo, a contractor, was still in custody here charged with homicide in causing the woman's death but stoutly denying it or that he knew her. He admitted however, that she looked like a woman whom he had known as "Claudia" and whom he last saw five months ago.

Kilbane Matched With Joe Mandot For 10-Round Bout

(Associated Press Telegram) Cleveland, April 16.—Featherweight Champion pugilist Johnny Kilbane, of Cleveland, has been matched to box Lightweight Joe Mandot ten rounds at New Orleans, May 3, in a no-decision bout, according to announcement made by Jimmy Dunn, Kilbane's manager, here today. The two met in Akron last winter when the newspaper decision gave the result as a draw.

TAUBES

(Continued from Page 1.) their Cuxhaven base than the distance from Cuxhaven to London and aeroplanes 30 miles from the capital and choosing their own course, have brought a new conception of the effective range of this type of machine.

Nevertheless, the public is skeptical of the powers for harm of Zeppelins, the trifling damage done during the night raids of Wednesday and Thursday being cited in justification of this feeling. It would appear that the latest air raiders have used bombs of an incendiary rather than an explosive character.

In the land operation, the French claim success north of Arras which completes the gain made near there last month. The German position, according to the report given out officially in Paris, was taken at the point of the bayonet.

On the heights of the Meuse, the Germans evidently are beginning a movement to retake Les Eparges. Berlin claims to have repulsed all the French attacks along the water front, thus putting an end to the French offensive which was planned to make St. Mihiel untenable.

On the eastern front, neither side seems to be making any headway. The lack of definite news from this arena of the war is filled by a crop of rumors which agree only on one point, namely that "great events are impending in the East."

ZEPPELINS ACTIVE TOO

(Associated Press Telegram) London, April 16.—At least two Zeppelins raided the counties of Suffolk and Essex, early this morning and dropped bombs within 30 miles of London, but so far as material damage was concerned, the attack of the Germans was less successful than on previous occasions. A large number of bombs was dropped in towns and villages but no loss of life resulted.

The number of airship which took part in the raid is uncertain, but it assuredly was more than one as attacks were made within a few minutes of each other at points twenty miles apart. The first was on Malden at 12:20 a. m., by a Zeppelin which previously passed Burnham and Southminster. After dropping bombs at Malden, the airship turned north and let fall more explosives at Heybridge. It may have been the same craft seen at one o'clock flying over Harwich in the direction of Ipswich.

A second attack was made between 12:30 and 12:45 a. m. on Southwold, 10 miles south of Lowestoft, on the North Sea.

At Lowestoft, where three bombs were dropped, a large lumber yard was set on fire, three horses were killed and many windows were broken; at Southwold, where several bombs were dropped, railway trucks were fired; at Malden a house was struck but only slightly damaged; at Heybridge several bombs were dropped, but no damage has been reported. A telegram received here from Malden, in Holland, says the Norwegian steamer Dag came into that port this morning and reports having sighted a Zeppelin airship at 5 o'clock at a point 15 miles off the Dutch coast. The airship was headed in the direction of Germany and is believed to be one of the invaders on her way home.

Although England and Scotland produce the finest mutton in the world, they do not grow enough to supply their own needs.

A PRIZE HEN.

Locke Ashcraft, of East Indiana street, is the owner of the prize bantam hen. Yesterday she laid two eggs without leaving the nest. Mr. Ashcraft only regrets that Easter has passed.

"Where Smart Style Meets Moderate Prices."

Tomorrow Will Be Economy Day

Unusual Values Throughout The Store

In the Newest and Most Wanted Spring Merchandise

Within the past two weeks we have had the opportunity of making some exceptionally fortunate purchases, consisting of all that is ideal in desirable Spring merchandise. These extra value items will be found in every department, Saturday, at decided price reductions. This will be a most opportune event for you, as at this time one finds that there are many new things one needs, in order to replenish one's wardrobe. If you would share in the full advantages of this sale, you must come Saturday, as many of the desirable lots are small and will be eagerly sought after.

Continuing The Sale of Ladies' and Misses' Suits

\$15.00 ---- \$17.50 ---- \$18.75

FORMER VALUES FROM \$20.00 TO \$27.50

The first announcement of this wonderful suit sale brought hundreds of women to our garment department to share in the greatest value giving event of the present season. Our ready-to-wear buyer was fortunate enough to buy these nobby new suits at a decided price concession, and we are passing them along to you at the same saving prices—a sort of co-operative event that you will appreciate. Aside from the suits just purchased, we have reduced many from our regular stock to conform with these very special prices. See these remarkable garments Saturday.

In the collection will be found a charming array of all that is new and authentic. Lustrous Poplins, English Gabardines, Silk Poplins, Wool Crepes, Novelty Weaves, etc.; also, the correct models in shepherd checks. Styles are too numerous to enumerate, but we do wish to say that they fully express the newer tendencies and ideas. For colors you may select from Navy, Copen, Belgium Blue, Sand, Putty, Coverl, Green, Bronze, Black, etc. Every garment is strictly man-tailored and many little details will be found that are not usually present in suits at these prices. Make your selection while the assortment is complete.

Select Your Coat From These New Styles

Dozens of the latest styles have just been received, making our showing of separate coats the largest and most correct to be found in this vicinity. They are tailored from Poplins, Coverls, Gabardines, Diagonals, Bengelines, Chuddah Cloth, Lambskin Chinchillas, Mannish Serges, New Overplaids, Shepherd Checks, etc., in Navy, Black, Copen, Soldier Blue, Drednought Gray, Sand, Putty, Green, White, etc. The line is too comprehensive to permit a detailed description. You really must see it, then judge for yourself. Special prices are now in force.

\$6.75 — \$8.75 — \$10.00 — \$12.50 — \$15.00

BUY MADE IN U. S. A. PRODUCTS

Yesterday was Low Shoe day but with some of us it was observed as Old Shoe day.

Jack Johnson may look as dusky as he did before the fight, but he is much less husky.

Why is it that the more costly fishing tackle a man buys, the less fish he seems to get?

Ex-presidents Roosevelt and Taft were pallbearers at the same funeral a few days ago but then a funeral is no place to start anything.

There are some people who will wear these new very small hats to church in spite of the fact that you can look right past them and see the minister.

The American people would feel more confidence in the ability of General Carranza to maintain stable government if he would have his whiskers cut.

The population of the country has crossed the hundred million mark, but there is still enough land so that Father can have a back yard garden if he really wants one

Some one asks what has become of the garden that almost everyone used to run in the back yard to reduce living costs? Well in many homes just now that space is taken up by the new garage.

It is considered all right in the modern household to make up for high prices by cutting down on the meat, bread, and other substantial consumed, but there must be no let-up in the style in which the food is served.

The traveler encounters a conviction in the hotels that he visits, that the man who objects to paying 25 cents to the colored gentlemen for handing him his hat is a tightwad, and entitled to the contempt of the community.

In many cities jitney buses are carrying the local people anywhere they want to go for five cents, but the traveler from a distance is welcomed by allowing him to pay \$1 to get to the railroad station. The taxi fare in Newark, however, remains one quarter.

Why Clean Up?

On Newark's first "clean-up" day four or five years ago over 1300 loads of rubbish were carted away to the dumping grounds. Cellars and back yards that had not felt the touch of rake or broom in years were cleaned and when the work was done the town looked better, the people felt better and things were better. The next year more people joined in the movement and a greater volume of trash was carted away. The following year a still larger number participated but the trash piles were smaller.

Cincinnati's clean-up and paint-up campaign was so successful last year that early in January this year insistent demand reached the chamber of commerce for a similar move-

April 16 in History.

- 1659—Aphra (or Aphra) Behn, noted English dramatist and novelist, died in London; born about 1640.
- 1814—Eugene Beaupre, stepson of Napoleon Bonaparte and his viceroy, signed a convention with the allies, and the Napoleonic wars ended until 1815.
- 1893—France declared war against Mexico, Napoleon III, was advised by the United States that the proceedings might lead to a rupture.
- 1914—McKee Rankin, veteran actor, died; born 1841.

ASTRONOMICAL EVENTS.
Evening stars: Mars, Saturn. Morning stars: Venus, Mercury, Jupiter. The Skille in meridian south from zenith in the evening.

prosperity are growing that no new business can get started. The New York Journal of Commerce shows that the corporations formed in the Eastern States in March, having a capital of not less than \$1,000,000 each, had an aggregate capital of \$70,000,000, and this was not only \$16,000,000 more than in February but it was over \$12,000,000 more than in March, 1914. What is the use of pretending that nothing is doing in the business world?

The war's interruption of the world's traffic hurt us in many ways besides curtailing our exports, but our losses there are large enough to afford some idea of what the war means to the business of the country. In seven months ending January our exports decreased to Canada, \$38,000,000; to Mexico, \$6,000,000; to South America, \$35,000,000; to China, \$6,000,000. The dullness of business for months past is the result of the war's interference with trade, offset in only a small degree by the war orders. The rising tide of prosperity is due to the recuperation of the country in general commerce, to which the war orders have contributed only a small fraction.

The Difference.

(Columbus Dispatch.)

In view of the charges and counter-charges flying thick and fast concerning civil service and its enforcement, and incident that occurred during the administration of ex-Governor Cox is to the point. It shows the difference between the executive attitude then and now.

Immediately after the school law became effective an examination was held for the position of supervisor of normal schools—a place that had just been created by the legislature. Several prominent educators stood the examination.

The gentleman who stood first on the list when the ratings were finished was a Republican—Prof. Henry G. Williams, of Ohio university. The next two were well-known Democrats. The superintendent of public instruction, Mr. Miller, insisted upon appointing one of the Democrats. Governor Cox insisted upon the appointment of the Republican who stood first on the list. Miller became somewhat insistent, when Governor Cox called him to his office and informed him that, unless he appointed Professor Williams, he would remove him from office at once for violating the spirit of the civil service act. Miller then agreed to appoint Professor Williams and did so.

Through the determination of Governor Cox to comply with the spirit of the civil service law the state obtained the services of one of the most competent educators in the state—a man against whom there has never been a shadow of suspicion, a big, broad-minded man of great ability, but differing from the then governor as to politics. Governor Cox was big enough to ignore partisanship in securing an able man for the state and Professor Williams was big enough to serve the state loyally although adhering to a political party other than that espoused by the governor who appointed him. That's the difference.

TAKE A LOOK IF YOU HAVE TIME

Write Your Own Spring Poem.
..... flowers,
..... trees,
..... flowers,
..... breeze.
..... Cincinnati Enquirer.

Her hair was decked with artificial flowers,
The cafe table, screened by rubber trees,
Her hand contained three aces and two bowers—
The game created quite a little breeze.

Lo, the winter is past, the rain is over and gone; the flowers appear on earth; the time of the singing of birds is come, and the voice of the turtle is heard in our land; the fig-tree putteth forth her green figs, and the vines with the tender grapes give a good smell.—Song of Solomon.

A man doesn't give himself any the worst of it when he tells the story of his life to a woman.

Sim Heekle talks a good deal about his army record. Sim's army record is that of having worked several months in the laundry at Ft. Sheridan.

If the business of a town is not properly attended to it is not because of any general lack of knowledge as to how it should be done.

Today's Rain.
It is not raining rain to me, it is raining clouds to me. In every dimpled drop I see wild flowers on the hills.

The clouds of gray engulf the day and over-whelm the town. It is not raining rain to me, it is raining roses down.

It is not raining rain to me, but fields of clover-bloom. Where any bee-meeting bee can find a bed and room.

A health unto the happy, a fig for him who frets! It is not raining rain to me, it is raining violets! —Exchange.

"There is the sort of home," said Eph Wiley yesterday in speaking of the Everett Bromleighs, "in which a cog takes the place of a baby."

Broadly speaking, the people are divided into two classes: the people who do things and their critics.

Buck Kilby says he is a good deal exercised because a schism has arisen in the rank of the Campfire Girls of America which threatens the organization.

Ephy Wiley says Turkey is the only nation that ever went to war without an army, a navy, money or a reason.

Unless you devote your conversation to abuse of the rich the probabilities are you will say something to offend the people.

Spirit of the Press

In Place of a Fleet.
As to prohibiting the export of arms, that scheme, boiled down to its bones, means that the United States would make Germany a present of an equivalent to the British fleet.—Chicago Journal.

Victors and Spoils.
In ousting 14 Democrats, whose salaries averaged \$5000, the new Republican governor of Ohio shows that the victors and the spoils still belong to the same family.—Philadelphia Ledger. And that faithful and intelligent service is really no reason why a man should hold a public office.—Columbus Dispatch.

Automobiles and Good Roads.
The various great highways that have been proposed for the United States, some of which are under construction, are simply responses to national needs under progressive conditions. The auto vehicle is primarily responsible for them, and the era of the auto vehicle has but commenced.—Cincinnati Enquirer.

The Titanic Disaster.
Yesterday was the third anniversary of the Titanic disaster. It was precisely three years ago at 12:47 Thursday morning that that proud vessel sank forever from the sight of man. Of the 2,223 persons aboard 1,517 perished. By 8:30 the same morning the last of the 706 survivors had been picked up and the rescue ship Carpathia sailed away. During the past eight months the world has witnessed so many horrors in Europe that the Titanic affair, world shocking as it was, has faded into comparative insignificance.—Pittsburg Gazette Times.

Business.
The express companies might be excused for taking a gloomy view of the future, but the American Express Company has taken over the Western Pacific Railway's express business, and the president of the company says:
This additional mileage taken on is a strong indication of the optimism we feel in regard to the entire business situation. Since January 1 we are glad to be able to announce a noticeable and steady increase in the volume of express traffic. On all our lines a reanimation in trade is everywhere apparent.—Philadelphia Record

Lincoln and Reconstruction.
Lincoln was the first President of the United States to fall at the hands of an assassin. Like Garfield and McKinley, he perished in the hour of his popularity. Unlike them, he was immolated to the expiring passions of the great civil war. Viewed from the standpoint of his achievements, he may be said to have died in the hour of the consummate triumph of his cause, but when the success of his policy yet remained to be determined. A sympathetic golden strand runs through Lincoln's policy. During his lifetime he never forgot to endeavor to associate reconciliation with the supremacy of the Union. He did not want to see the Southern Confederacy treated as so many conquered provinces, but as so many reconciled States. His kindness and his statesmanship went together. The association of the generous heart and wise head, which Carlyle pronounces indissoluble, was emphasized in Lincoln. He would have paid the South for the enfranchised slaves to give it capital with which to begin its new career as a section wholly dependent on hired labor.—Boston Transcript.

Pointed Observations
Too often the stork lights on a man's roof when the wolf is at his door.—Chicago News

The administration is said to be seeking a bar for Huerta, and certainly nothing could please the old boy more.—Washington Post.

"Perhaps Huerta and Carranza might form a friendship on the strength of their common hostility to the United States."—Seattle Post-Intelligencer.

While it is true that the Czar has gone to the front again, there isn't the slightest chance of his missing a meal or a full night's rest.—Birmingham Age-Herald.

Measrs Taft and Roosevelt had to shake hands at a funeral. Isn't that rather crowding the mourners? —Pittsburg Gazette-Times.

Through some misarrangement of right-ous retribution, Doc Rittman, the discoverer of cheap gasoline, wasn't educated in one of John D.'s universities.—Washington Post.

Is our neutrality endangered by the singing of Dixie and John Brown by the British soldiers?—Buffalo Commercial.

"Dentists at convention are highly optimistic." Even if it is their business to look down in the mouth.—Pittsburg Gazette-Times.

Isn't it about time for Count von Bernstorff to hand a note to the State Department telling the Government what to do in the Riggs Bank case? —New York World.

Out in Wisconsin Arbor Day is also bird day, when effort is made to tell children why the birds need to be fostered as well as trees. It is an Anderson society idea, and worthy of imitation in all the states.—Springfield Republican.

The dressful problem ought not to occasion worry in any of those parts of the country where the pioneers still remember uses of patternists and "yeller" dock.—St. Louis Republic.

Will Bethlehem Steel please tell us what it is up to?—Philadelphia Record.

"New Hampshire Republicans are just now engaged in the bitterest

ANOTHER SEA ROVER GOING INTO DRY DOCK FOR REPAIRS

kind of a factional fight," says The Biddford Record. Which being the case, it is hard to tell 'em from Democrats.—Manchester Union.

Nothing succeeds like success. Now proposed in Brooklyn to change Johnson street to Willard street.—New York Evening Telegram.

Uncle Walt

THE MILITANTS.
I wonder why the suffragettes, who lately made Great Britain tremble, and at whose name pale London sweats, don't go where armored hosts assemble. In times of peace they deal in bombs, and spoiled silk hats and blew up churches; but now, when sound the fifes and drums, they sit in safety on their perches. Oh, how would Wilhelm's soldiers feel; if they should face long lines of

sisters, all burning with their old time zeal, and yelling till their tongues had blisters? Methinks they'd up and run like squirrels, before those votes-for-women spellers, for who could face that gang of girls who buffaloed the London peepers? King George should sic them on the Turks, to blow them up and chase and gail them, for they, of sinful ways and works, deserve the worst that may befall them. But there'd be protest, I'm afraid, and talk of methods harsh, inhuman—"you're killing us with dum-dum maid, you're using an explosive woman." But then the girls don't volunteer, so what they'd do is merely guessing: they're playing idle games this year, and still rolls on the war distressing.

WALT MASON.
Copyright, 1915 by The Adams Newspaper Service.

Correct.
Beware the man who always crows, And in his voice no trust; You'll find the lad who blows and blows Can seldom raise the dust.

The Wise Fool.
"Every man should be ambidextrous," observed the sage.
"You mean that every man should make his left hand his write hand, I suppose?" said the fool.

Oh, Such a Rhyme!
Said a poet: "The Alps I would climb, And rise from the dust and the grim. I honestly vow I'd do it right now. But the fact is I haven't the time."

A Little Fun

The Difference.
"Your cook is just like one of the family, isn't she?"
"Dear me, no! She never would eat warmed-over dishes."—Baltimore American.

Sure!
He—Could you learn to love me? She—I learned to speak Chinese. —Jack O'Lantern.

A Back Hander.
She—Have you noticed the new art movement, Mr. Dubb?
He—Yes, but if that is art then I'm a fool.
She—It is certainly art.—Boston Transcript.

The President Duffer.
Patron—I want some fish balls. Dealer—What for?
Patron—I'm going out golfing, and I want them to drive at the water hazards.—Judge.

A Tip For Married Men.
"You say he always makes his wife perfectly happy?"
"Yes."
"How does he do it?"
"By giving her all the money she wants to spend and keeping in the background."—Jacksonville Times-Union.

Things to Worry About.
The American Association for the Advancement of Science is studying pre-ortle somites in cyclostomes.

Get In Line, Men—Don't Street!
WANTED—Witnesses to street car accident in Fillmore avenue, in May, 1912.—Ad. in Buffalo News.

COMMISSIONERS ASK SQUARE DEAL OF HIGHWAY DEPT.

County Commissioners Ben B. Jones, J. H. Orr and F. R. Dunnin have forwarded to Hon. Clinton C. Cowan, Commissioner of Highways at Columbus, a communication regarding the completion of the National Pike, the following of which is a copy:

Dear Sir:—Since our interview with you on last Monday, April 12th, and realizing the position in which you are placed, both for the lack of funds to meet all demands, and lack of time to become familiar with all the ramifications of the unfinished contracts and agreements made by your predecessor, for the improvement of the National Road through Licking county, from the Franklin county line to the Muskingum county line, a distance of about 30 miles for which Licking county issued bonds to improve (kind of road to be determined by State Highway Department), at a cost to this county of approximately \$500,000.00.

We issued \$140,000 in bonds, and the bridges on the west end section will make an amount in excess of \$150,000.00.

This was done at the request of Mr. Marker, and we holding a copy of an agreement, between Mr. Marker and the former Governor, made with the National Government to the effect that they would complete this 30 miles of the National Road through Licking county by the 31st day of December, 1915.

With the engineers making the survey and plans on the western section, and the farmers setting back their fences to comply with their requests, and believing that the former Governor and Highway Commissioner or their successors would carry out their agreement, we, as a Board of County Commissioners of Licking county, had no hesitancy, whatever, in delivering our money to the State Highway Department, to be paid at their order, which we have done to the amount of \$163,000.00, making 5 miles completed in Licking county, cost this county \$13,000.00 per mile, instead of \$5,000.00 per mile, or in other words we should have 21 miles of road for the money expended.

Now, Mr. Cowan, from these facts as they actually exist, you can readily see our position, in this matter.

We have delivered our money in good faith, believing that the State Highway Department would give us a square deal, as they have always done in the past, and believing that you, as our Highway Commissioner, will, after investigating these facts, give this Board the same fair treatment we have received by the Department up to this time.

Theatres

American Stock Co.
The American Stock Co., which is booked to appear at the Auditorium theatre for one week commencing Monday April 19, is known throughout the country as the company of features, for the management has secured more features than any popular priced show on the road. The ladies band and orchestra alone is a feature that outshadows anything carried by companies of this kind, while the vaudeville features include such well known acts as Miss Lillian Albert, the popular little singing and dancing comedian, Charles Tharing, a clever vaudeville performer of note, and Miss Muller, the greatest lady accordion player before the public, Miss Muller handling an instrument of special make. For the opening bill the company will present "The Call of the Woods," a play of intense dramatic worth. This play will be followed during the week by a repertoire of the latest successes, all augmented with the vaudeville acts which are changed nightly. The ladies band will make a parade of the principal streets at noon daily and every evening at 7 o'clock will give a free band concert in front of the theatre. While this company is more than twice the size of what are generally termed popular priced companies, the old time prices of 10, 20 and 30 cents will be in force, with the usual ladies free tickets on Monday night. Seats will be placed on sale Saturday at the theatre box office.

Ringling's Circus, Zanesville.
Official information confirms the announcement that on Wednesday May 5 Ringling Brothers' circus will give two performances in Zanesville. Many new features have been added this year, the most notable of which is the spectacle "Solomon and the Queen of Sheba." This colossal production is presented with a cast of 1,250 people, a ballet of 300 dancing girls, 735 horses, and a trainload of scenery, costumes and properties on the biggest stage in the world.

Following the spectacle, a circus program of unusual brilliancy will be presented, including an array of foreign and American acts new to the circus world. The menagerie contains 1,003 wild animals, 41 elephants, and a "baby zoo." The circus is transported on 89 double length cars. Special arrangements have been made by the railroads to accommodate the crowds that will visit the circus from this city and the surrounding country.

There are 1,548,696 Presbyterians in the United States.

LARGE BARN IS DESTROYED, LIVE STOCK BURNED

New Bethel, April 16.—Fire of unknown origin destroyed a large machinery and dairy barn on the Mrs. Chas. Pierson farm of South Condit, Wednesday afternoon. Three valuable horses were burned in their stalls together with nine head of dairy cattle, four hogs and several sheep, besides hay and grain and practically all of the farm machinery. Loss on the barn and contents will run into the thousands. The loss is partly covered by insurance.

About three years ago Mr. Pierson was killed in an automobile accident. Since his death, Mr. Paul Dewitt and family have occupied the tenant house on the farm, farming on shares and sharing in live stock. Mr. Dewitt feels his loss will not be covered by the amount of insurance.

D. A. E. CONGRESS PREPARES FOR BIG DELEGATION

(Associated Press Telegram)
Washington, April 16.—With the 24th annual congress of the Daughters of the American Revolution only three days off, delegates from all parts of the country began to arrive here today in large numbers. The registration books were opened to day at Continental Memorial Hall for what is expected to be the largest attendance of delegates in the history of the congress.

Chief interest in this year's gathering centers in the election of officers, the main contest being over the selection of a president-general. Mrs. William Cummings Story, of New York, the president-general is up for re-election. The only other candidate for the place thus far is Mrs. George Thatcher Guernsey, of Kansas, who has opened headquarters here.

SIBERIAN WOLF DOGS LEADING IN BIG ALASKA RACE

(Associated Press Telegram)
Nome, Alaska, April 16.—Leonard Seppala's team of 15 Siberian wolf dogs jumped into the lead in the all-Alaska sweepstakes dog race late today and entered Gold Run, 182 miles from Nome, one hour and 14 minutes ahead of the Allan-Darling team of Malamutes.

Seppala's time was 23 hours and 41 minutes, five hours faster than any previous time to Gold Run. He stopped only seven minutes to change his leader and then started ahead through the snow for Candle, 24 miles away, the turning point in the 412-mile race. Allan rested his dogs twenty minutes and then started out to overtake Seppala.

Eskimo John, driving the Council Keenel club's team, dropped into fourth place between Haven and Gold Run. Paul Kjegstad's bird dogs beating the native driver into the station by 22 minutes. The dogs and drivers are all in excellent condition.

No Sense of Humor.

One man met another man on the street, and the first man said to the second man:

"Hello, Jim! You're just the man I wanted to see. I have a new one for you."

"A new what?" asked the second man of the first man suspiciously.

"A new conundrum."

"There ain't any such thing. If it's good it ain't new, and if it's new it ain't."

"Cut it! Now listen. What's the difference between a poet and a plumber?"

"Aw, that's easy. A poet never has any money, and a—"

"You're way off. Anybody knows that difference. Now, listen; here's the answer. A poet pipes a lay and a plumber lays a—"

"My plumber don't. He!"

"Aw, what's the use of telling a good joke to a man without a sense of humor?"—Cleveland Plain Dealer.

Too Willing.

Old Lady (to the chemist): Will you poison my dear little Phil? He's in such—such agony. Chemist (politely): With pleasure, madam. Old Lady (indignantly): With pleasure, you nasty, unfeeling man! Then you shan't do it!—London Answers.

Two Ways.

A woman always compliments another woman's gown. A man glances casually at a new suit of clothes and says, "Where was the fire?"—Philadelphia Ledger.

To aid students of singing, a Paris physician has invented a machine records the vibrations of the voice on a photographic film.

Sickroom Clothing.

Clothing used in the sickroom never should be put in the laundry bag after it is used. Place it in a clothes boiler at once and cover with boiling water and soap solution and allow to come to the boiling point. Clothing used in infectious diseases should be treated this way for three successive days. But any undeveloped spores as well. When the sickroom clothing is of thin, delicate fabric one washing in the soap solution and hot water, followed by rinsing in hot water, will be sufficient. In such material the heat of the iron in ironing will complete the sterilization. It is advisable always to have some of the soap solution ready for use. Cut the soap in small pieces, cover with cold water and set on fire; back of the stove to dissolve. For one boiler of clothes use enough solution to make a thick sauce. Today's Magazine.

Bargains in the Wants tonight.

CHICAGO STRIKE FORCES IDLENESS ON 100,000 MEN

(ASSOCIATED PRESS TELEGRAM)
Chicago, April 10.—Work practically was tied up on building operations valued at \$30,000,000 here today and a hundred thousand union men were thrown out of employment as a result of a strike of 16,000 union carpenters which went into effect last night.

The strike ordered by union leaders, was declared after a demand for an increase in wages from 65 to 70 cents an hour had been refused by the building contractors employers association.

Contractors estimated that the amount of building operations which will be affected by an extended strike will reach a figure close to the \$100,000,000 mark.

BIBLE CLASS OF BAPTIST CHURCH IS ENTERTAINED

The We Brothers Bible Class of the Fifth Street Baptist Sunday school was delightfully entertained Thursday evening at the home of Mr. and Mrs. R. T. Stimson, 131 Day avenue, Mr. Stimson being chairman of the social committee of the class.

As the members approached the Stimson home they observed in letters of light the greeting, "Welcome, We Brothers."

Inside, the home was tastefully decorated in the class colors, orange and black, with the class pennant and charter occupying conspicuous places.

The library light threw out in four directions the class motto, "Pulling, not Drifting."

An interesting business and social session was held, one enjoyable feature of the social session being a recitation by Mr. Stimson's little daughter Florence.

The We Brothers class is one of the newest organized classes in the city but one of the most progressive. The charter closed with a list of 42 members and new ones are being added each Sunday.

E. H. Frame is the teacher of the

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Plans are being made for the organization of a class ball team and a number of enjoyable outings are looked forward to for the coming summer.

At the close of the business session a delightful three course luncheon was served by Mrs. Stimson, assisted by Mrs. L. R. James, the wife of another member of the social committee.

The French official statement issued last night stated that aviators had bombed the station of Freiburg-Im-Breisgau, about 30 miles west of the places mentioned by the National Zeitung.

FRENCH AIRMEN DROP BOMBS ON GERMAN TOWNS

(ASSOCIATED PRESS TELEGRAM)
Basel, April 10.—(Via Berlin and wireless to London)—French aviators dropped bombs near Krotzingen and in Villigen and Donaueschingen.

The French official statement issued last night stated that aviators had bombed the station of Freiburg-Im-Breisgau, about 30 miles west of the places mentioned by the National Zeitung.

The French official statement issued last night stated that aviators had bombed the station of Freiburg-Im-Breisgau, about 30 miles west of the places mentioned by the National Zeitung.

MRS. ROOSEVELT'S CONDITION.
(ASSOCIATED PRESS TELEGRAM)
New York, April 10.—Mrs. Theodore Roosevelt, who underwent an operation yesterday in Roosevelt hospital, was said today to have passed a comfortable night and to be doing as well as could be expected. The nature of the operation has not been divulged.

O. S. U. STUDENTS ASK RETENTION OF DEAN PRICE

Circulation of petitions for the retention of Dean Homer C. Price was started by students of the agricultural college at Ohio State University yesterday.

The petitions, when filled will be presented to the board of trustees at its next monthly meeting, to be held in two weeks.

Feeling is running high among the students over the removal of Dean Price as head of the college. He has been popular with the students of the college as well as with the short ag and farmers' course attendants.

Another set of petitions is being prepared, asking Governor Willis to keep politics out of the university.

"We, the undersigned and students of the College of Agriculture, are of the opinion," reads a part of this petition, "that the welfare of the Ohio State university depends to a great degree on its freedom from politics."

Your Boys and Girls

If the busy mother will wash the baby's jackets or the children's sweaters in the usual way and then put them in a clean pan and set them in a warm place to dry, they will be like new. Turn them often and shake a little as they dry, and they will be found as soft and fluffy as when purchased and not pulled out of shape as when hung on the line to dry.

Muslins and cotton goods can be rendered almost fireproof if an ounce of alum or sal ammoniac is put in the last water in which they are rinsed or in the starch when they are stiffened. This is a particularly wise precaution to take with children's clothes, for even if the clothes do manage to take fire, which is highly probable, they will burn without flames.

For a child's birthday party bake little cakes in gem pans. When ready for icing, make a small hole in the top of each cake and slip in a tiny doll, the penny variety will do. Then ice as desired. The icing will hold the doll in place, and each little girl will be delighted with a doll cake.

Every Day Etiquette

"What should a hostess say when a person making a formal call speaks of departing?" asked Gwen.

"A hostess should always express her regret at the departure of a caller, whether the call is a formal or an informal one," answered her mother.

Bird Day a Feature of American Life

UPPER, RED EYED VIREO; SECOND ROW, LEFT, ROBIN; RIGHT, SHRIKE; LOWER ROW, LEFT, WOODCOCK; RIGHT, YELLOW BILLED CUCKOO.

BIRD DAY, the American states' official recognition of the debt we owe to the feathered beings which protect the crops on which our lives depend, is becoming more and more an annual feature of our national life.

May 4 is the day chosen by many states for their Bird day. The date is a good one, for on it was born John James Audubon, the immortal lover of birds and depicter of their ways. The Audubon societies named for him encourage in every possible way the celebration of Bird day, and they have been active in inducing governors of states to proclaim Bird days. In some of the northern states May 4 is a little early for the outdoor exercises that are peculiarly appropriate for Bird day, especially when children take part in them, so later dates are chosen. Some of the more southern states have selected earlier dates.

In a pamphlet on Arbor day and Bird day prepared by the state of Kentucky appears the following:

How shall we go about preparing the children for a Bird day exercise? We must go to the birds themselves, observe them and get the children to observe them. Go with the children as much as possible. Start with some well known birds, such as the robin or

song sparrow, and prepare a list of questions to be answered from observation.

Answers should be compared. There will be many mistakes to correct at first, but the work will rapidly improve. After a few birds have been studied in this way under the direction of a teacher or of some one who is a little in advance of the others each one can take up the subject for himself, following the general order of description indicated by the questions given. A bird manual would soon be needed by every little group; also an opera glass.

The exercises of bird day should consist of essays about birds, based upon results of observations. Write about individual birds as if they were persons of our acquaintance. Essays giving any facts about particular birds, showing their ways of life, habits, dispositions, their songs as learned by observation, have peculiar interest and value. Recitations from literature, both prose and poetry, are very appropriate.

The teacher as well as the children will have begun a lifelong study that increases in interest and beauty. The little child and the old man may heap up these riches, and nothing but death itself can rob them of it and perhaps that cannot.

NO. 4 NORTH PARK PLACE.

“THE CHIMES”
AT AUDITORIUM
LAST EVENING

The “Chimes of Normandy” was re-produced in this city last evening to a rather small audience. Considering the excellence of the former reproduction the company was deserving of a crowded house.

The principals in the play last evening sang their parts to perfection. Miss Blanche Frost as Serpolette, Miss Anna Releger as Germaine, Carl Myers as Henri, M. J. Back as Jean, John Garrity as Gaspard, Ralph Davis as The Bail, John Burningham as the Registrar, Walter Rauck as the Assessor, and G. W. Roger as the Notary all did splendidly.

The large chorus was fine and deserving of the reputation of being one of the best ever heard in the city. Their work was complimented by every one present and the pretty variety colored costumes added much to the attractiveness of the play. The orchestra consisted of eighteen members and their music was one of the enjoyable features of the evening.

The company will leave for Zanesville this afternoon where a performance will be given at the Schults Opera House in that city. On next Monday evening “The Chimes” will be produced at Coshocton.

LANCASTER GETS
NEXT MEETING
OF OSTEOPATHS

On invitation of the Lancaster Osteopaths the Central Ohio Osteopathic Association will hold their next meeting on April 24th at Lancaster. At this meeting Dr. G. A. Still, Kirksville, Mo., will be present to make an address. Dr. Still is a nephew of Dr. A. T. Still, Founder of the Science of Osteopathy, and is one of the leading surgeons in the middle West.

The meeting Wednesday was held at the Chittenden Hotel, Columbus, where about thirty were present including Dr. R. A. Shepard, Upper Sandusky, Dr. Lorena Keger, Marion, Dr. C. M. LeRue, Dr. J. B. LeRue, Dr. R. P. Baker, Lancaster; Dr. J. H. Long, Dr. Kathryn Chubb, Delaware; Dr. E. C. Waters, Dr. Kathryn Bersant, Chillicothe; Dr. W. F. Tiemann, Newark.

The program consisted of an address by Dr. J. H. Long on Feeding of Infants and Children, and a paper by Dr. E. C. Waters on Eneureasis and the Osteopathic cure for it.

PRINCETON BOYS
START TRAINING
FOR ARMY SERVICE

Princeton, N. J., April 16.—The voluntary system of military training instituted at Princeton University with the co-operation of the war department opened last night with a lecture on the military history of the United States by Major General Leonard Wood.

Feb. 20, 1716, was born David Garrick, the greatest actor who ever appeared on the English stage, for he was equally great in comedy and tragedy. Every one who saw him came under his spell. The actress, Mrs. Clive, who averred she hated him, stood in the wings one night watching Garrick and alternately crying and smiling. At last, disgusted with her exhibition of emotion, she stalked away, exclaiming, “Hang him, he could act a griffin!” But an even greater compliment was paid by Rousseau, in whose honor Garrick gave a special performance. The first part of the bill was a tragedy, the second part a comedy, both in English. At the end of the evening Rousseau said to Garrick, “I have cried all through your tragedy and laughed all through your comedy, without knowing a single word of your language.”—London Chronicle.

The smallest school in England, if not in the world, is that in Auguston, where, although there are only five pupils on the register, only two are attending the school. A teacher is employed for their benefit and spends as much time on them as on a larger gathering.

Japan's efforts to encourage the cultivation of cotton in Formosa so far have ended in failure.

NO MORE ACHING
LAME BACKS!

When it's hard to straighten up quickly and there's a “crick-in-your-back” and every joint and muscle in your body aches and you have that “don't care” feeling, ask your druggist for a bottle of Hoff's German Liniment. This famous liniment is made from the same formula as the doctors use with such success in Germany. It is pure and white as snow and it won't soil the finest clothes.

For 18 years Hoff's German Liniment has been the unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Bruises, Sprains, Aching Joints, Sore Feet, Corns, Bunions, etc. It can be taken internally for Colds, Coughs, Croup, etc. It is powerful and penetrating. Fine for children. Nothing like it in existence for stopping pain. Made from white emulsion of camphor cream with other pure, harmless, effective ingredients. Everyone knows the value of camphor for relieving pain, but its great drawback is that it leaves the pores open. Hoff's German Liniment keeps the pores closed—keeps colds out.

Sold in handy bottles by all druggists—a quarter pint for a quarter; large family size, 50c. Results absolutely guaranteed, or druggist is authorized to return your money without argument. Avoid disappointment by not taking “something just as good.”

HANOVER CHURCH
SOCIETY HOLDS
INTERESTING MEET

The Willing Workers of the Hanover M. P. church met with Mrs. Jacob Vandenberg Wednesday afternoon and a program of songs and readings carried out.

The following members and guests were present: Mrs. Ella Romine, Mrs. J. E. Shaw, Mrs. E. H. Evans, Mrs. J. W. Nethers, Mrs. Homer Nethers, Mrs. A. D. Jones, Mrs. Emma Romine, Mrs. Laura Romine and little daughter, Mrs. Goldie McKnight and sons, Mrs. Samuel Hitchcock and children, Mrs. Henry Livingston and daughter, Mrs. Jerome Simpson, Mrs. J. T. Stagers and sons, Mrs. Joseph Amisbaugh, Mrs. Francis Romine and Misses Mary Wilhelm, Ada Galbraith, Alice Romine, Annabelle Simpson, Ruby and Jennie McGinnis and hostesses.

The next meeting will be held at the home of Mrs. Francis Romine, May 12.

GENUINE PRESCRIPTION
FOR ALL RHEUMATISM

Satisfaction Guaranteed or Money Back, Says T. J. Evans.

Rheuma—that is the name of the scientific prescription that is putting old rheumatism out of business.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Porter Smith, Dobbin, W. Va., writes: “I have been a great sufferer from rheumatism for about 26 years. The disease had become chronic. I began taking Rheuma with little faith in its virtues, but was better from the first day I began its use, and at this time have no more pains.”

T. J. Evans and all druggists sell Rheuma, and no rheumatic sufferer can afford not to use it. 50 cents a bottle. Your money back if not satisfied.

SAGE TEA KEEPS
YOUR HAIR DARK

It's Granmother's recipe to bring back color, thickness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advanced age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of “Wyeth's Sage and Sulphur Hair Remedy.” Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application of two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Agents Hall's drug store.

25 Years Ago

(From Advocate, April 16, 1890.)

Mrs. J. W. Walden received a telegram this morning calling her to Mobile, Ala., by the serious illness of her father.

An alarm of fire sounded from box 52 this noon, called the department to the residence of Mr. Mike Friednour in Lockport. The damage was slight.

Miss Nellie Fately, 71 High street, arrived home today from an extended visit among relatives in Virginia and Eastern cities.

Mr. and Mrs. Daniel Fackler are the proud parents of a son, born this morning.

George Beck of North Fourth street is down with asthma and a complication of diseases.

15 YEARS AGO TODAY.

(From Advocate, April 16, 1900.)

E. W. Swisher is having plans drawn for the rebuilding of his cigar factory on the West Side, which was recently destroyed by fire.—Ohio State Journal.

Marriage licenses were issued today to Jesse G. Smith and Xenena M. Athey; Burr Hoyt and Mary Flowers.

Harry, the 12-year-old son of Mr. William Osborn, fell from a ladder at his home in the West End, breaking his left arm.

Mrs. E. O. Mitchell of Hartford is visiting her parents, Mr. and Mrs. John Tedrick at their home in West Main street.

Fifty Years Ago Today.
April 16.

The Argentine Republic declared war on Paraguay.

Wilson's Federal cavalry, led by General Upton, captured Columbus, Ga., with 1,200 men and fifty-two guns after a desperate battle. General La Grange's brigade captured West Point, Ga., after reducing Fort Tyer in a desperate assault.

Twenty-five Years Ago Today.

Von Caprivi, successor to Bismarck as chancellor of the German empire, opened the Prussian diet for the first time.

Want a house? Read the Wants.

LIMA MACHINIST
ADMITS KILLING;
GIRL'S BODY FOUND

Associated Press Telegram.

Lima, O., April 16.—Dorance S. Riddle, aged 25, a machinist, was awaiting a hearing in police court here today, charged with the murder of Susie Coleman, aged 16, a factory worker, whose body was found yesterday near the Lima railroad yards.

According to the police, Riddle, who was formerly a corporal in the U. S. army, confessed shortly after his arrest last night. An examination of the girl's body, the police said, revealed that she was about to become a mother.

Miss Coleman was killed on Wednesday night, according to the machinist's alleged confession. She left her home, telling her parents that she would spend the night with relatives, and met Riddle in a distant part of the city. Riddle told the police he struck her with the iron door of a fire box, crushing her skull. He gave no motive for the attack. In his room, the police found the girl's pocketbook and several garments stained with blood.

2 BRITISH SHIPS
WILL SAIL TODAY
FROM GALVESTON

Associated Press Telegram.

Galveston, Texas, April 16.—The British steamship Rappahannock, with 1,100 head of horses for the Grecoian army and the British steamer Crown of Toledo, with 85,000 bales of hay for horses of the allied armies, are scheduled to sail today, the former for Piraeus and the latter for Havre.

With passengers and a cargo of cotton the Italian steamship San Giorgio sailed today for Naples and Genoa.

Wisdom of a Czar.

About a hundred years ago the Emperor Alexander I. of Russia returned to St. Petersburg after an absence of many months, during which time he had taken an active part in the war against Napoleon. Alexander was one of the wisest and most magnanimous rulers of his time. It was to a great extent his firmness and wisdom that led to the overthrow of Napoleon, and after that event his magnanimity preserved the city of Paris from the fury of the Russian soldiers, liberated 150,000 French prisoners of war confined in Russia and sought to obtain for his fallen foe the most liberal terms compatible with what he deemed the safety of Europe. One of the first acts of the emperor after his return to Russia was to grant an absolute pardon to all his subjects who had taken part against him in the late war.—Pittsburgh Press.

Australia plans to spend \$25,000,000 within three years for extending its telephone and telegraph systems.

You—Or No One Else
cares to be bald. Yet that is what will happen if your hair does not stop falling out.

Rexall "93" Hair Tonic
In our opinion is the best hair tonic on the market. Sold only by us—50 cents.

From Sunny Groves
to Your Breakfast Table

Boxed Health---Liquid
Florida Sunshine in Golden Globes

Florida tree-ripened grapefruit brings into the home new joy and renewed health. Its cheer reaches from the oldest to the youngest member of the family—it benefits the baby just as much as the grandmother. The insistent charm of the fruit appeals to the young and old alike—it aids digestion, tones the blood, clears the skin. It may be eaten freely by every member of the family—not only for breakfast but at luncheon and dinner as well as “between meals.”

When ripened on trees Florida grapefruit has just the right flavor—it is just the right good-morning, just the right good-night, just the right thing for everybody, all the time. Buy it by the box and you can afford to use it freely. Be sure to get grapefruit that has been fully ripened on the trees. When you are buying, look on the boxes and wrappers for this mark in big red letters:

Drink the Juice of
These Real Oranges.

FLORIDA CITRUS EXCHANGE

Eat These Grapefruit—
Nature's Favorite Tonic

Only tree-ripened, rich and juicy grapefruit come in the boxes with this brand. The growers who form the Exchange have united to ripen their fruit on the trees and to market it in a superior way. No matter what grade of fruit you purchase, or what price you pay, if you buy that packed by the Florida Citrus Exchange you will get your money's worth.

Florida's oranges are just as good as the grapefruit from this State. They may not always be as smooth and bright on the outside as others, but just cut them! Then you will realize how juicy an orange can be—when you have eaten one or drunk the juice of one you will have a new idea of the flavor, spiciness and juiciness of the Florida orange.

Oranges and grapefruit are both food and drink. In cookery and confections they are the housewife's delight. Booklet of recipes telling you how and when to use these fruits mailed for four cents in stamps. The many new uses described will interest every housewife. Address, Florida Citrus Exchange, 628 Citizens Bank Building, Tampa, Florida.

CENTENNIAL

Mr. and Mrs. Fred Parker and daughter Irene of Hicksville, Ohio, spent part of the week with Mr. and Mrs. S. W. Haas.

Mrs. L. E. Alsop and Mrs. E. C. Alsop attended the Ladies' Aid meeting at the home of Mrs. Lewis Artz near Liberty, Thursday.

Misses Mabel and Marie Riley entertained a few of their friends Saturday evening.

Mr. John Haas, who has been confined to his bed for nearly three months, was able to be up and eat dinner with his family Monday.

Mrs. Harry Hoar is on the sick list.

Jennie Frye of Mt. Vernon, is spending several days with Harry Hoar and family.

A new bank barn is being erected on the Charles Roberts farm.

Mr. and Mrs. Ralph Haas were Sunday guests of Mr. and Mrs. Arthur Haas near St. Louisville.

Mrs. S. W. Haas and Mary Eagle attended the Presbyterian missionary meeting at the home of Mrs. A. T. Stanton of Utica, Thursday afternoon.

Mr. and Mrs. Ben Drumm were Newark visitors Thursday.

After a week's vacation Mr. Clifford Alsop returned to his work at Pittsburgh, Friday.

Plowing is the order of the day in this community.

The ostrich has the distinction of laying the largest egg. The egg, which weighs about three pounds, is considered equal in contents to 24 hen eggs.

NEW POT LINING
FOR GLASS TANKS
INTERESTS NEWARK

Pittsburg, Pa., April 16.—Discovery of a new process for lining pots used in glass making which, it is claimed, will prolong their life 50 percent, and result in an annual saving of thousands of dollars to the American glass industry was announced today by the Mellon Institute of Research of the University of Pittsburgh.

Searching Out The Place

There are certain unwritten laws which no man can afford to disregard.

ONE OF THEM is that a man shall dress as well as his circumstances permit, not extravagantly, but economically.

SEARCHING OUT THE PLACE where the BEST CLOTHES can be bought at LEAST COST.

If then a certain store makes what seems to be a genuine and sincere claim to give BETTER clothes value—is it not a duty you owe to yourself to at least investigate?

Hundreds of Well Dressed Men Have Investigated Cornell Claims And Have Found Out That Cornell Values at

\$10 and \$15

Are better than they can obtain anywhere else. WHY NOT DO LIKEWISE? Determination to sell the VERY BEST and to constantly improve has made this GREAT CORNELL STORE the mecca for all who have investigated.

We are showing a marvelous assortment of suits in all the newest spring creations. Every one full of style and value.

29 SOUTH PARK

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

William Penn, in his charter of rights, provided that for every five acres of forest cleared one acre should be left in woods. Foresters today declare that on an average one-fifth of the farm should be in timber.

FANCY DIVER IS HURT COMPETING FOR A. A. W. TITLE

(Associated Press Telegram)
Chicago, April 16.—Frederick W. Bittke, a fancy diver of the Illinois A. C. was in a dangerous condition today as a result of an injury suffered while competing in the national A. A. U. championship at the Chicago Athletic association last night.

While attempting "flying Dutchman," Bittke's head struck the diving board and he fell, unconscious, 15 feet into the pool. Other swimmers competing in the championships rescued him and he was taken to a hospital, where surgeons decided an immediate operation was necessary to save his life.

CHICAGO WOMEN AS OFFICIAL ON ELECTION DAY

(Associated Press Telegram)
Chicago, April 16.—Women will be permitted to serve as judges and clerks of elections in Chicago, according to a ruling yesterday by County Judge Thomas F. Scully, who reversed his former decision which prohibited them from serving.

"Women have elevated the polling places by lending dignity to them," Judge Scully said. "The old days of smoke filled polling places disappeared as soon as women were allowed to serve. Their presence also has prevented political squabbles."

HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery.

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet. In two weeks note the difference. Five to eight good solid pounds of healthy, "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and Evans' drug store and all other druggists in Newark and vicinity sell them subject to an absolute guarantee of weight increase or money back.

A halfpenny for a meal for five persons is being charged in Brussels. This is a tactical little act by the Ministers of Spain and the United States, who distribute bread and soup daily to hundreds of poor families. They charge the halfpenny in order to avoid the appearance of pauperism.

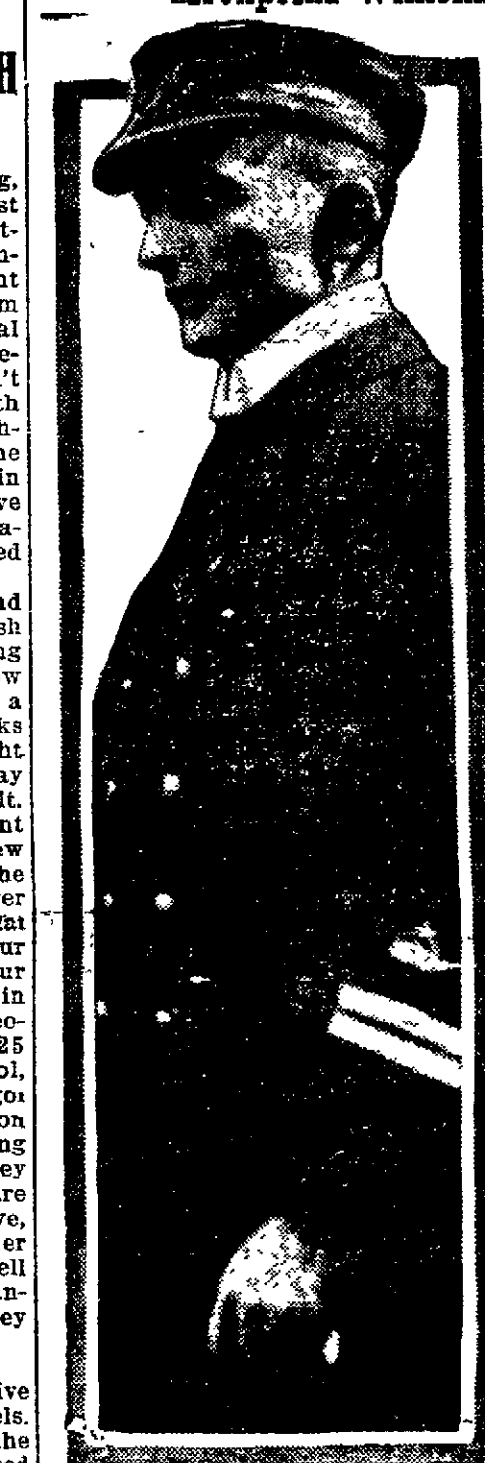

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; it sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

Commander of the Kronprinz Wilhelm

Captain Thierfelder

Captain Thierfelder of the Kronprinz Wilhelm, the German raider, which during her career of eight months on the ocean sank thirteen merchant ships belonging to nations at war with Germany, is a typical German naval officer. He has as much daring as the captain of the Prinz Eitel Friedrich, who roamed the seas for nearly as long and played havoc with the ships of the allies.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results From an
Excess of Hydrochloric
Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach and starts food fermentation. Thus everything eaten soaks in the stomach much like garbage soaks in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithium and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble, with excellent results.

In 1913 more than 3,000 building permits were issued in Vancouver, B. C.

AGED WOMAN IS LOST IN MOUNTAINS OF WEST VIRGINIA

(Associated Press Telegram)
Elkins, W. Va., April 16.—Five hundred persons are searching the mountains in this vicinity for trace of Mrs. Elizabeth Riddle, 79, who disappeared from her home near here Wednesday. Thirty years ago, the woman's son, four years old, wandered into the mountains and never returned. Since then she has often gone on excursions into the hills, in the belief that she would find him. It was while she was on one of these missions that she disappeared, neighbors declare. Officials of a local lumber company yesterday sent a train load of men here to aid in the hunt.

19 YEAR OLD GIRL WILL PILOT PLANE TO SAN FRANCISCO

(Associated Press Telegram)
San Antonio, Tex., April 16.—Miss Catherine Stinson, a 19 year old aviatrix announced here today she would undertake a transcontinental flight from New York to San Francisco. She expects to start from New York about June 1, in a 90-horse power aeroplane.

PROSPERITY AND NAVAL POWER ARE CLOSELY LINKED

(Associated Press Telegram)
Philadelphia, April 16.—Prosperity for any nation depends upon an efficient navy, Dr. Edward Breck, field secretary of the navy league, told members of the Philomathian club of the University of Pennsylvania, in an address last night. "Prosperity and naval power are indissolubly linked," he declared.

HAZELWOOD MINSTRELS SUCCESSFUL; MUSIC WAS ABOVE AVERAGE.

The entertainment given at the Red Mens Hall by the Hazelwood Minstrel, April 14 was a decided success in every way. There was a good attendance and every one enjoyed the play. The music was excellent. The chorus of young men did themselves credit and showed professional talent. The end men, were the stars of the evening. They were Homer Fairall and Chester Cocanover. Mr. Rohan assisted by Mr. Loudenslager sang excellently. The Empire quartet composed of young men sang some beautiful selections who were loudly applauded. Too much praise cannot be given these young men. The Home Guards of America wish to extend their thanks to the members of the minstrel, for the entertainment given on that evening, and wish them success in the future.

GRATIOT W. C. T. U. held its regular meeting Wednesday. Services were opened by the president by singing, "Keep Praying, Telling On." Prayer was offered by Mrs. Cora Lawyer, after which "Brighter Days are Coming" was sung. The Scripture reading was the 15th Psalm. Mrs. Cora Lawyer read a paper entitled "The Man that Was." Mrs. Esther Smart read a paper about cigarettes being a "Danger to Growing Boys." Then the Ohio State Tobacco Law was read. Mrs. Josephine Hamilton was appointed to lead the May meeting. Services closed with temperance doxology and benediction.

"TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, sweaty feet—no corns or callouses.

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chaffs.

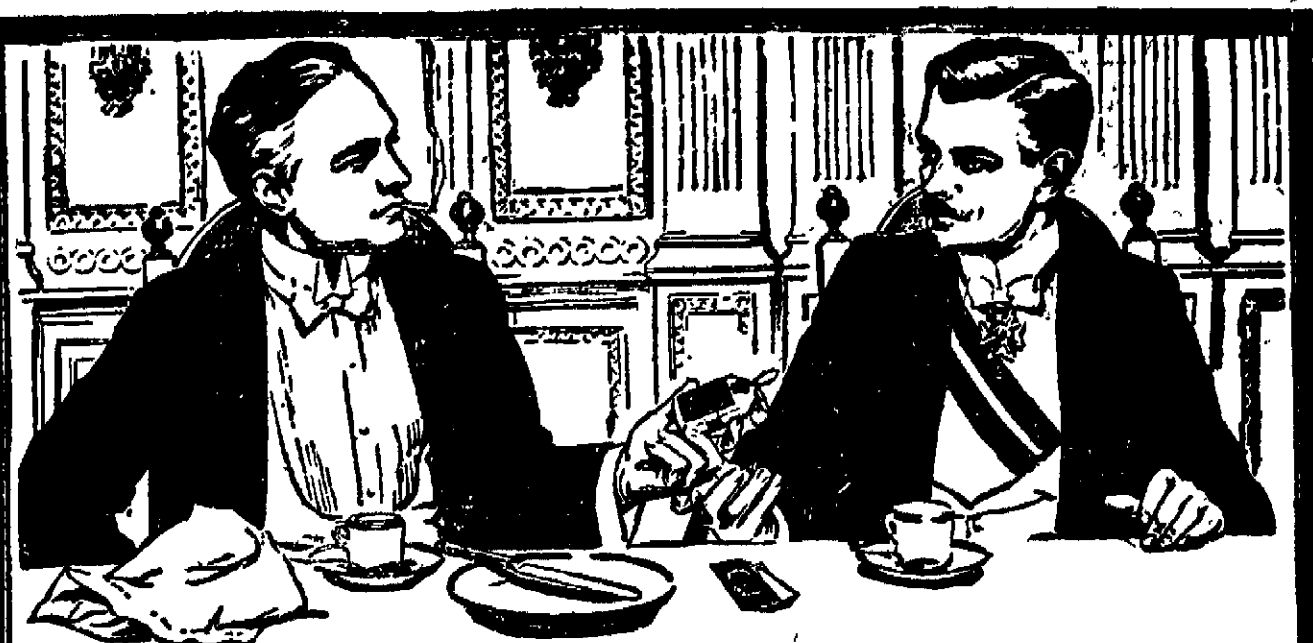

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

FRAMPTON

The Fallsburg Township Sunday school convention will be held at Mt. Pleasant, Sunday the 25th of April, at 2 p. m.

The Sunday school rally and roll call was postponed until May 9 at Mt. Pleasant.

"Bull" Durham an International Favorite

Smokers of experience and discrimination the world over obtain year-round, daily enjoyment from "Bull" Durham tobacco. Men prominent in the social, business and public life of many nations find supreme tobacco satisfaction in the deliciously fresh, mild cigarettes of unique savor they roll for themselves, to their individual liking, from this wonderfully pure, mellow tobacco. Their distinguished example has made it correct, smart, fashionable to "Roll Your Own" upon every occasion.

GENUINE "BULL" DURHAM SMOKING TOBACCO

There is no purer, milder tobacco in the world than "Bull" Durham—none other with such a sweet, mellow, irresistible fragrance. This rare, balmy aroma is as delicate and elusive as it is distinctive and pleasing, and can only be retained and enjoyed in the fresh-rolled cigarette.

"Bull" Durham hand-made cigarettes afford wholesome enjoyment and lasting satisfaction to more millions of men than all other high-grade smoking tobaccos combined.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Package of cigarette papers will both be mailed free, to any address in United States on postal request. Address "Bull" Durham, Durham, N.C.

Y. M. C. A. NEEDS \$1400 TO FINISH NECESSARY FUND

The members of the Board of Directors and friends who are assisting in raising funds for current expenses of the association for the ensuing year report that up until Thursday noon \$2,669 had been raised. This includes \$700 contributed by the members of the Board themselves. This also includes the subscriptions of a large part of the regular larger contributions.

The articles that have appeared in these pages during the last 10 days served to show the public many of the things accomplished by the Y. M. C. A. in the past year. It will be impossible for the association officers to conduct a work worthy of a city of this size in the coming year without having \$4,000 from the public for the prosecution of its work. This means that practically \$1,400 must yet be raised. There should be many in the city who can contribute from \$5.00 to \$10.00, which amounts to 10 to 20 cents a week through a year, to this work. The time these business men snatch from their work to do the soliciting prevents their seeing many of these persons in such circumstances. The work will prosper if such help is given. It surely will be greatly hindered and great changes will have to be made in the policy pursued if the citizens of Newark do not give their very best help at this time. The association is a community asset. The officers are always willing to help every movement for the betterment of the city and the building and equipment are always at the disposal of every cause for the general good. Here is a privilege and duty.

SEVEN COLLEGES IN CONTEST FOR TWO CASH PRIZES

Cleveland, O., April 16.—Professor Howard S. Woodward of Western Reserve university today announced that seven colleges and universities will compete in the annual Ohio contest of the Intercollegiate Peace Association in the auditorium of the University of Cincinnati at Cincinnati tonight. They are: Bluffton college, Ohio university, Hiram college, University of Cincinnati, Ohio Wesleyan university, University of Wooster and Western Reserve university.

The first prize is \$75, given by Samuel Mather of Cleveland. Second prize is \$50, given by the association. The winner of this contest will represent Ohio in the group contest to be held at Ripon college, Wisconsin, April 28. The states there represented will be Ohio, Indiana, Michigan, Illinois and Wisconsin. The winner in this will represent the Central States in a national contest at Lake Mohank, New York, in May.

U. S. COURT HOLDS MAKER CAN'T FIX PRICE OF PRODUCT

Detroit, Mich., April 16.—In denying a motion filed by the Kellogg Toasted Corn Flakes company against the government's petition for an injunction to restrain the company from fixing the re-sale price of its product, the United States circuit court of appeals, in a decision just filed in the district court here, rules that the owner of a patented carton cannot dictate the selling price of the goods which the carton contains. The government's petition, filed in December, 1912, attacked the selling plan of the defendant company, stating that it specified the price which the jobbers, the wholesaler, and the retailer should charge for its product. Arguments in the case were heard last July.

In its motion to dismiss the government's petition, the Kellogg company contended that its ownership of a patent on the carton in which its product was marketed gave it the right to fix the price of the produce.

May Use Dynamite To Float Steamer Fast On Ledge

Tokio, April 16.—The position of the steamship Minnesota, which is fast on a rock at the entrance to the inland sea, where it struck Sunday night, is more serious than was at first supposed. It is expected, however, that if the weather is favorable, the vessel can be floated in a fortnight. Dynamite may be used to destroy the ledge on which she is fast.

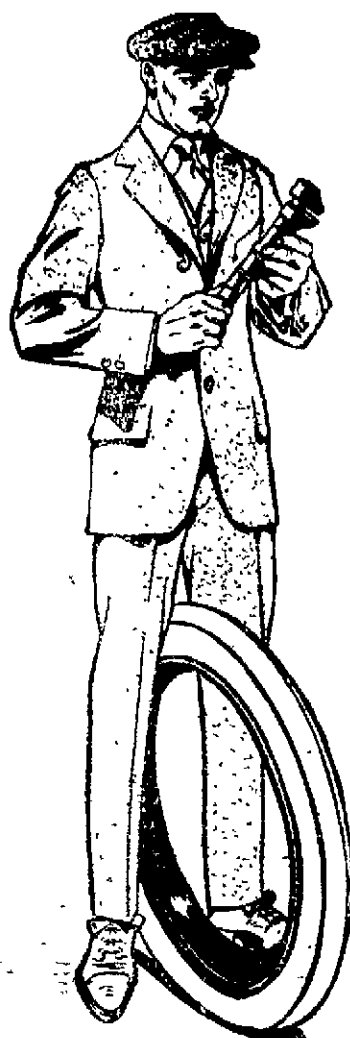

SUNDAY SERVICES AT WHITE CHAPEL METHODIST CHURCH

Regular services will be held next Sabbath as follows: Sabbath school 10:00 a. m. Divine worship 11:00. Subject, "Sanctifying the Sabbath." The combined prayer and young people's meeting at 7:15 p. m. Let all of our people make a special effort to attend these services. May we come in the spirit, expecting a blessing from God. John B. Taylor, pastor.

BOXER DIES AFTER BOUT WITH FRIEND

New York, April 16.—Geotze Brogan, an amateur boxer, died in a hospital early today from the effects of a blow over the heart in a boxing exhibition at the Loughlin Lyceum, in St. George's Roman Catholic church in Brooklyn, last night. Brogan, who was 28 years old, was boxing with Arthur Stephens, a friend. The blow felled him unconscious. Stephens was not detained.

Lynn, Mass., superintendent of schools, refuses to permit girl pupils to attend school in fashionable flimsy garments.

Setting A New Pace In Men's Suits

This season we have set a new pace as far as men's suits are concerned. It is natural with our big buying power and our policy of absolutely cleaning up our stock each season to expect more of us than of the average store—we will not disappoint you.

Light fancy mixtures, neat stripes, Glen Urquhart plaids are the proper things this season.

You will find exclusive patterns here, too. We also have a fine line of blue serges—you'll like them this summer.

A line better than the average stock of spring and summer clothing—a wide range of sizes—complete lines and low prices.

Doesn't that combination sound attractive?

A most becoming Hat for TWO DOLLARS. Other prices of course. New Shirts, New Neckwear, New Summer Underwear, the best at the price.

RUTLEDGE BROS.

The Home of Hart Schaffner and Marx Clothes.

DRUG USERS FLOCK TO HOSPITALS FOR CURE OF HABIT

New York, April 16.—Police and federal authorities here estimated today that 500 persons addicted to the use of drugs, have been arrested or have voluntarily entered hospitals in this city within two weeks.

The federal anti-narcotic act, which went into effect March 1, has cut off from drug users their former sources of supply in Hoboken, Jersey City and Philadelphia.

In three city hospitals 147 victims of drug habits were under treatment today and it is estimated that there were 200 such persons in all the public and private hospitals of the city.

The attention of Edwin M. Stanton, of the U. S. district attorney's staff has been called to a new habit-forming drug which it is said is being imported from Mexico for sale here to take the place of drugs interdicted by law.

CHINESE WILL OPERATE STORE YANKEE FASHION

Philadelphia, April 16.—The erection of a large department store to be run on the American plan in Hong Kong and the purchase of a million dollars worth of stock in the Canton bank were the principal projects decided upon at last night's meeting of the On Leung Tong, according to Yung Hong, of New York national president of the society.

NEW BATTLESHIP AGROUND IN RIVER FLOATED AGAIN

Philadelphia, April 16.—The new Argentine battleship Moreno, which yesterday stuck her nose in the mud of Dan Baker shoal, about 50 miles down the Delaware river, and remained fast, was floated during the night and proceeded on her way to Hampton Roads.

This was the second time the Moreno had been stuck in the mud in the Delaware.

MT. ZION

Several from here attended the baccalaureate sermon delivered by Rev. Hoover at Bladensburg Sunday evening.

Mr. Fred Bumpus had the misfortune to be thrown from a wagon on Saturday, breaking his arm.

Mr. Howard Donahay spent part of last week with relatives at Mt. Vernon.

Mrs. Leota Johns of Martinsburg spent Monday with Mrs. George Harris.

Quite a large fire gained considerable headway south of here last Friday. A brush heap was burned on the Pipes lot near Wakatomika. Thursday evening and in some manner sparks from this were blown about Friday forenoon, causing the whole Buzzard Rocks woods to be set on fire and also several other fields. It was noticed about noon and over 20 men worked until evening to get control of the fire. The flames came within about ten yards of Mr. Ray Harris' new dwelling. A large amount of fence surrounding the Buzzard's Rocks and adjoining fields was destroyed for Mr. Clark Schooler and Albin Schooler. The flames swept over nearly 125 acres.

Mr. and Mrs. Sylvester Buchanan spent Sunday with Mr. and Mrs. John Wolfe.

Messdams Zona Hays and Cora Burch visited Mrs. Addie Rinehart Friday.

Miss Harriet Hayden is on the sick list.

Mr. and Mrs. Harrison Elbert of Newark, Mr. and Mrs. Frank Nichols of Dusty Bottom and Miss Wave Schooler spent Sunday with Mr. and Mrs. Earl Burch.

There Is No Question but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a

Rexall Dyspepsia Tablet before and after each meal. 25c a box. Hall's Drug Store.

FRENCH GUNS BRING DOWN A GERMAN PLANE

Paris, April 16.—Via London.—The French official communication given out by the war office this afternoon adds nothing to the information communicated last night, except the following: "Our artillery brought down during the afternoon of April 15 a German aeroplane which fell in front of the English lines, but behind the German trenches, north of Ypres."

ARMY OFFICER HURT IN FALL FROM A TRESTLE

Eureka, Calif., April 16.—Lieut. Colonel Thomas H. Rees, U. S. A., is in a hospital here today suffering from a fractured leg and numerous bruises suffered yesterday when a handcar on which he was riding with a party of engineers engaged in inspection work, jumped the railroad track on a high trestle and fell into a creek bed. Three others were injured.

SUNDAY SERVICES AT JACKSONTOWN METHODIST CHURCH

The regular services will be held on next Sunday afternoon. Sunday school at 1:00 p. m. and Divine Worship at 2:00 p. m. Epworth League service at 7:15 p. m. May each of us be found on the firing line with our gospel equipment all ready for the battle. John B. Taylor, pastor.

MRS. SAGE GIVES \$15,000 FOR GAME PROTECTION FUND

New York, April 16.—Announcement that Mrs. Russell Sage has given \$15,000 to the permanent wild life protection fund, stratified persons engaged in the effort to raise a \$100,000 fund for the protection of game. The total received to date is \$67,750, of which Mrs. Sage has given in all \$25,000.

Sore Throat Don'ts

When the children have sore throat don't blister their necks with lamp oil. Don't torture them with a foul smelling piece of fat meat, wrapped about the neck. Don't imagine there is medical virtue in old sock or piece of red flannel. Don't believe in antiquated superstitions.

A sore throat is a serious matter and is not to be healed by such make-believe remedies. The use of such methods is simply putting the patient to needless torture. Use a little sore throat wisdom and give them TONSILINE and the throat will heal quickly.

25 and 50 cents at all drug stores. The Tonsiline Co. Canton, Ohio.

PURITY

Mrs. Earl Popham was removed from her home here to the sanitarium at Newark Saturday for treatment. Her condition is very serious.

Mrs. Ben Lewis, Misses Jessie Wright and Gladys Hamilton and Mr. Carl Lewis represented the Purity Grange at the Pomona Grange meeting at Franklin Saturday.

Several from here attended the baptismal services of the U. B. church at Wilkins' Sunday afternoon.

Ralph, the little son of Mr. and Mrs. John Popham, suffered the loss of the index finger of his left hand Sunday evening, when he thrust it between the cogs of the cream separator.

Miss Elizabeth Elliott spent several days at the home of her sister, Mrs. Harry Weaver, of St. Louisville.

Ben Lewis and family moved last week to the Freese farm lately vacated by Shannon McPeck, and Ira Rice moved to the Marriott farm.

Both the Concord and Polk schools will close April 23.

Rev. Nuzum filled his regular appointment at Eden Sunday morning and evening.

William Scott has moved from the Smith farm south of Purity to Elisha Mills' property at Jackburg. Mr. Mills will board with them.

WOULD DEMAND GERMAN SHIP FOR EACH ONE DESTROYED

Paris, April 15.—M. Leguaux De Mezauban, president of the British Ship Owners' Association, has suggested that the minister of marine replace each ship belonging to the allies sunk by a German submarine by a vessel of corresponding size from among the 278 German ships detained at French ports since the beginning of the war. This M. De Mezauban believes would cause German ship owners to do their utmost to induce Emperor William to put a stop to a method of warfare, the cost of which was borne by them.

The proposal of M. De Mezauban has been taken into consideration by the French government, but before it can be put into execution an arrangement must be reached with the British authorities.

YOSHIIITO WILL BE CROWNED AS EMPEROR OF JAPAN

Tokio, April 16.—The cabinet today fixed November 10 as the date for the coronation of Emperor Yoshihito. The ceremony was to have taken place last November, but a postponement was made necessary by the death of the dowager empress. The Diet already has appropriated 1,000,000 yen (\$2,400,000) for the expenses of the ceremony.

The temperature of the air in which they live affects the color of butterflies.

Jane Addams and Peace Delegates Sailing for International Convention at The Hague

From left to right: Mrs. Pethick Lawrence, Miss Jane Addams, Mrs. Louis F. Post.

More than 250 women shrieked and waved bon voyage to thirty-nine American women, headed by Miss Jane Addams, who sailed on the Holland-America liner Noordam to attend the women's international peace convention at The Hague.

A large white and yellow "peace flag" floated at the fore truck of the liner and the ship's band played the national airs of all the warring countries as the Noordam backed in to the stream. The delegation waved flags and handkerchiefs and sang, as did their enthusiastic sisters on the pier.

Miss Addams said she was much

Russia's Immensity.
The Russian empire is as compact as the British empire is scattered. It is one great mass with no parts, except possibly a few islands along the coast, separated from the main body. There are no distant possessions, no overseas territory, and the czar claims no dominion over any land not in the northern hemisphere.

Its area is what astonishes. It is larger than all of North America from the canal north and with the islands of the Caribbean thrown in. One-sixth of the land area of the globe is under the czar's flag and within its boundaries is a population greater than that of Great Britain, Germany and France combined. And this population of between 100,000,000 and 170,000,000 is increasing at the rate of 2,000,000 a year by birth. The population of the empire has doubled in forty years.

Of the many strange things about Russia perhaps the strangest is that this immense empire has no salt water port which does not freeze up in the winter. No big nation in the world is so circumscribed in this respect.—Brooklyn Standard Union.

Why You Wink.
The unconscious act of winking bears a quite important relation to the welfare of the eye. This being the most delicate and sensitive organ of the body exposed to the air, it is in constant need of the protection given by the eyelids, which not only close quickly at the approach of danger, but are employed in washing the surface of the eye. Moistening is required to offset the drying effect of the air and cleaning to prevent the injurious effect of dirt. Every time you wink the eye is washed. Inside the eye is the little tear gland, which, as its name implies, is busy storing up the supply of tears. This gland keeps the inside of the lid moist, and you wink automatically whenever the surface of the eye becomes dry or a particle of dust or anything else strikes it. This work is done as often as necessary, and to realize how often it is necessary try how long you can keep your eyes open without winking.

"Dreary Stuff," Said Gissing.
G. B. Burgin in the Bookman contributes a personal recollection of George Gissing, whom he met many years ago at a garden party in St. John's Wood. "He was curiously and I should think unconsciously picturesque," writes Mr. Burgin, "his loose, easy clothes and slouch hat seeming a part of his own personality more than a studied pose, and looking rather at variance with the smart 'get-up' of the London crowd which filled the little garden." During conversation Gissing alluded to the fact that many authors wrote with ease and facility, "but," he added, "I grind it out with infinite pain and labor." When Mr. Burgin hinted that most of his material was sudden, "Yes," he said thoughtfully, "it's dreary stuff—dreary stuff!"

Evangelist Who Was an Actor.
George Whitefield qualified as a boy for greatness in more than one direction. The future evangelist enjoyed play acting and performed in girl's clothes before the mayor and corporation of Gloucester, while by the time he was fifteen he had become an expert ale drawer in the family public house. These pursuits, alien to the pulpit, appear, however, to have been converted into aids to evangelism. The youthful love of the stage, says the London Chronicle, no doubt helped to develop the tremendous histrionic gift which made Lord Chesterfield on hearing Whitefield describe a blind beggar's fall over a precipice spring from his seat and exclaim, "Good heavens, he's gone!"

He Had Found His Specialty.
A London contemporary tells the following anecdote: A member of the bar not richly endowed with intellect after years of brieflessness married a rich widow. She died. Again he sought a bride with a large dowry and again became a widower. Then he thought he would return to his long neglected profession. He approached an old friend who had meanwhile become a judge of the supreme court and asked what, in his opinion, would be the wisest course for him to pursue. "Stick to the probate and matrimonial," said the judge.

His Revenge.
"Ha, ha!" said the man who had just been elected. "I thought you said you trusted the wisdom of the plain people." "I still believe in it," replied the defeated candidate. "The wisest people want a joke now and then."—St. Louis Post-Dispatch.

Tactful Man.
He—Do you know, you are so clever and charming and brilliant that I really feel embarrassed in your presence. She—But you mustn't, really you mustn't. He (reassuringly)—Oh, I dare say I'll get over it when I know you better.—Life.

More Than Her Share.
Patience—Nature has provided for her lavishly. Patrice—how so? "She has two chins."—Yonkers Statesman.

The Trouble.
"There seems to be a coolness between them." "Yes. The trouble is they're both too hot tempered."—Detroit Free Press.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

We Can't Begin To Describe

PESKY BED BUGS

A MILLION BED BUGS. Just think, a 25c package of the new golden chemical P. D. Q. (Pesky Devil's Quinine) is intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe. KILLS FLEAS ON DOGS. It's fun to see the flea drop off your pet dog. KILLS CHICKEN LICE. No use for your chickens to have lice. A 25c package, mixed, makes a gallon of P. D. Q. is sold by druggists and dealers and never peddled.

Sold by W. A. Erman and other leading druggists.

HAVE YOU HAD THE GRIP?

The debility and depression following an attack of the grip is not a fancied disorder. "Post-grippal neurasthenia" is the medical name for this condition and its seriousness is recognized by all medical writers.

One authority says: "Broadly speaking, every victim of the grip will suffer from post-grippal neurasthenia also. Lowering of nervous tone, with increased irritability is the most striking effect of the disease, with languor of mind and body, disturbed sleep and vague pains in the head and elsewhere."

Every sufferer will recognize the symptoms. What is the remedy?

After the fever has passed and the influenza has subsided the diet should be more liberal but be limited to articles easily digested; rest and sufficient sleep are essential and Dr. Williams' Pink Pills are the only medicine required in most cases. This treatment should be continued until the patient is completely restored to normal health and spirits. It is a specific treatment and rarely if ever fails.

Send today for the booklet "Building Up the Blood." It is free if you mention this paper. Address the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

The Story Bunsen Told.

Bunsen, the great German scientist, was extremely absentminded. He had had his evening clothes put out that he might attend a card party to which he had been invited, but forgot all about it until the next morning, when his man pointed out that the evening clothes had not been worn. And then he remarked to himself, "I know what I'll do." That evening he put on his dress clothes, went to the lady's house at the appointed time and walked in as if it were the day upon which he had been invited. The hostess, much too polite to tell him that he had mistaken the evening and that the party had taken place on the previous night, sent to her friends asking them to come in to play a rubber again. They did so. In the course of the evening the conversation turned on absentmindedness, and Bunsen began to tell them what had happened to him a long time ago—how that he had forgotten an invitation and how he had made up his mind to go the next night—and thus he told the party the whole story, forgetting altogether that he was giving them an account of what was happening at the very moment.

Chimneys and Potatoes.

The greatest hindrance to a chimney drawing as it should is the accumulation of soot which cling to the interior of chimneys and flues and clog stovepipes. Many fires have been caused by the burning out of the soot which accumulates, and disagreeable odors and an unhealthy atmosphere are frequently produced in houses where soot is burning in chimneys. All this danger and unpleasantness may be avoided by the use of small potatoes, which are, as a rule, almost worthless for any other purpose. If burned a few at a time every day or two, these will prevent soot collecting in the flues. Even the potato peelings, which are usually cast into the garbage, can be burned in a stove or furnace and will help keep the pipes and flues free from the usual accumulations of soot. Try this plan if you want to enjoy better health and protect your property from fire.—New York American.

The Chinese Government which owns the country's telegraph system, has extended it until more than 36,000 miles of land lines and about 1,000 miles of cables are now in use.

FINDLAY IS SIXTH CITY IN LEAGUE

PRESIDENT LAWSON SELECTS HANCOCK COUNTY TOWN WEDNESDAY

Business Men There Take Active Part in Organizing Company to Build Park—Predicts Prosperous Season.

Akron, O., April 16.—President A. W. Lawson of the Buckeye Baseball league has decided that Findlay would be the sixth and final club to complete the circuit of his association. Announcement that Mansfield would be in the league was premature, Lawson says.

The Business Men's Association of Findlay invited President Lawson to address them Monday night, relative to the requirements of the league; and at the conclusion of his address, appointed a committee of eleven of the most prominent men of the city to canvass the business men and raise funds for the purpose of building a new baseball park and operating the club properly during the season. Mr. Lawson gave them two days for a final decision and late Wednesday night he received a telegram from C. B. Buckley, the President of the Findlay Business Men's Association, stating that their membership fee had been mailed and that Findlay would put a strong club in the Buckeye League this year.

This makes the circuit complete with Akron; Canton; Newark; Lima; Findlay; and Marion, and President Lawson will call a meeting within the next few days for the purpose of adopting a schedule as well as a league ball.

The league season will start somewhere about the 15th of May and will end somewhere about the 1st of September. The season, however, being divided into two parts and the winner of each series playing a post season series in September to decide the real champions.

President Lawson reports that every town in the entire circuit is well backed financially, and that the conditions of the league constitution are such that no club can do anything that will be prejudicial to the general welfare of the whole organization. Therefore he looks for a most prosperous season for every club in the circuit.

The Pansy.

Plant historians have never yet settled to their satisfaction just how the pansy originated. It was known as a garden flower in England fully three centuries ago, and the probability is that it was developed from a certain species of violet with tricolored petals, which is still to be found growing wild along British riversides and in other parts of northern Europe.

The old herbalist Gerard, describing the "pansie, or heart's ease," as he knew it, says quaintly that it has "dowers in form and figure like the violet and for the most part of the same bignesse, of three sundry colors—that is to say, purple, yellow and white or blue—by reason of the beauty and braverie of which colors they are pleasing to the eye. For smell they have little or none at all. The root is nothing else but, as it were, a bundle of thready strings."—London Graphic.

WILLARD DENIES ANY ATTEMPT TO IMPORT FILMS

(ASSOCIATED PRESS TELEGRAM)
New York, April 16.—Warned by H. C. Stuart, special deputy collector of customs of this port, that word had been received of an attempt to bring into New York the Willard-Johnson film made at Havana, every examiner employed by the port appraiser was on the watch for them today. A similar warning, it was reported, has been sent to the customs officials of all Atlantic seaboard cities.

Commenting on this action, Jess Willard said:

"I guess that means we can't afford to take any chances of losing the films just at present. You can say for me that we didn't expect to bring the films in at this time and that we have made no effort to break past the customs house with them, and don't intend to make any such effort."

Ambition.

Contented, unambitious people are all very well in their way. They form a neat, useful background for great portraits to be painted against, and they make a respectable if not particularly intelligent audience for the active spirits of the age to play before. But do not, for goodness sake, let them go stalking about, as they are so fond of doing, crying out that they are the true models for the whole species. Why, they are deadheads, the drones, the street crowds that lounge about gaping at those who are working.

They never know the excitement of expectation nor the stern delight of accomplished effort, such as stir the pulse of the man who has objects, hopes and plans. To the ambitious man life is a brilliant game—a game that calls forth all his tact and energy and nerve; a game to be won in the long run by the quick eye and the steady hand and yet having sufficient chance about its working out to give it all the glorious zest of uncertainty.

And if he be defeated he wins the grim joy of fighting; if he loses the race he at least had a run. Better to work and fail than to sleep one's life away.—Jerome K. Jerome.

Equestrian Statues.

"On the night of the unveiling of General Sherman's statue in New York Mr. Whitelaw Reid suggested that Bishop Potter, Mr. St. Gaudens and myself go to his home in Madison avenue for dinner," said General Francis V. Greene. "I there declared that of all the thousands of equestrian statues that had come to my attention the one of General Sherman was the best. Mr. St. Gaudens then surprised me by saying that doubtless I was not aware that there were not a hundred equestrian statues in the world. Bishop Potter's son-in-law, Mr. J. E. Cowdin, was at the dinner. Some time afterward, on a hot summer night, we were at dinner in the Union Club when Mr. Cowdin chanced to refer to the statement of the famous sculptor. 'You were wrong,' Mr. Cowdin told me, 'but Mr. St. Gaudens was not right. I have collected pictures of all the equestrian statues in the world, and I managed to get 111.'—New York Herald.

BASEBALL IS PRESCRIBED BY MARION OWNER

DR. VAN HORN USES HIS OWN REMEDY AND URGES IT ON PATIENTS

Has Been Interested in Baseball for Many Years—Not New in Business of Bossing Ball Clubs.

Marion, O., April 16.—Dr. Leon Van Horn, who will back the Marion baseball club of the Buckeye State League is a celebrated practicing physician of Philadelphia.

In prescribing remedies for good health, Dr. Van Horn not only advises for patients to become interested in base ball but he also takes his own advice along that line himself. In fact, he takes the base ball remedy in alopathic doses. Dr. Van Horn is a base ball enthusiast in every sense of the word. Base ball, with him, is a hobby in which he gives up four or five months each year to pursue. He feels that if he spends five months in the open each year as a president of a base ball club, it gives him the recuperated energy to fulfill successfully his medical duties the other seven months of the year.

From the very beginning of his career Dr. Van Horn was interested in base ball; and long before he entered the Jefferson College to study medicine, he was an amateur player of rare skill. At college he was the manager and backer of the Jefferson team, and after leaving college he still continued to lend his money for base ball purposes.

He was the backer of the Chester club in the Atlantic League, and also the head of the Baltimore club of the Union League.

It is Dr. Van Horn's purpose to put into Marion one of the very best base ball teams that he is capable of getting together. He will, however, after collecting his team about him, put the same in charge of a player manager.

The people of Marion are very enthusiastic over the prospects of their team in the Buckeye League this year, and the Chamber of Commerce is urging its members to make a half-holiday on the day of the opening league game.

COSHOCKTON TEAMS ARE DEFEATED BY PASTIME BOWLERS

The Pastime No. 1 team won from the Coshocton No. 1 team by 69 pins last night on the Pastime alleys. Abbott had high score and Allen high average.

Kayser Silk Gloves

wear so much better

The very foundation of the Kayser Gloves—the Kayser Silk—is pure and strong. Fine workmanship alone could not make Kayser Silk Gloves wear longer if the silk itself were not right. In 30 years of silk spinning, we have learned how to make use of a heavier pure silk thread (not weighted), without interfering with the delightful coolness of the gloves. This makes Kayser Silk Gloves wear so much longer that millions of women have learned that the one thing to look for in a silk glove is the trademark "Kayser."

Two clasp gloves are always 50c, 75c, \$1.00, \$1.25 and up; twelve and sixteen button lengths are always 75c, \$1.00, \$1.25, \$1.50 and up. The name "Kayser" is in the hem and with each pair is a guarantee ticket that the tips will outwear the gloves.

Announcement is made of the marriage of Miss Edna W. Kientz and Mr. Robert L. Grierson in Columbus on Thursday. Rev. Mr. Lehmann solemnized the marriage. Mr. Grierson is well known in Newark, having been a visitor in this city on many occasions.

There will be an open meeting in Memorial Hall on Sunday, April 19, under the auspices of the Daughters of Veterans. Sunday is known as Patriot's Day, and a splendid program has been arranged for its observation. Opening song, "Marching Through Georgia," Daughters of Veterans. Invocation—Chaplain Wilson. Piano and violin solo—Miss Ethel Walton and Miss Vogel.

Recitation, "When the Boys in Blue Are Gone"—Richard G. Fields. Song, "Three Cheers for the Red, White and Blue"—Daughters of Veterans.

Reading—Miss Nettie Priest. Music—Mabel Quartette. Address—Rev. George Henshaw. Song, "Battlecry of Freedom." Short talk, "All Patriot's Day"—Comrade F. G. Steele.

The announcement of an engagement which will interest Newark friends was made in Zanesville on Thursday. It was that of Miss Grace L. Christman, daughter of Mr. and Mrs. A. J. Christman, and Mr. Kent B. De Rango. Mr. De Rango has a large circle of friends in Newark, being representative for the Victor Typewriter company with headquarters in Zanesville. The date for the wedding has not been announced.

Miss Leona Miller of North Fourth street and Miss Helen Lake of Hudson avenue have left for Celina, O., where they will be the house guests of Miss Agnes Winkler for the next ten days. Miss Miller will also visit her brother, Dr. D. H. Miller, Jr.

The Hirschberg-Lyon concert to be given in the Second Presbyterian church on April 20, promises to be one of the most popular musical events of the season. Among the many select numbers to be sung for the occasion will be Ave Marie, also The Aria, "He was Despised and Rejected" from "The Messiah," by Handel.

The entertainment committee of the Elks Lodge will entertain with the last dance of the present series on Wednesday evening, April 21. The dance will be most informal, and the Nutter-Hawkins orchestra will furnish the dance music.

Mrs. E. A. Pfeiffer entertained the Needle Craft club at her home in North Fourth street, Thursday afternoon. Those present were: Mrs. Laura Dieck, Mrs. W. H. Hall, Mrs. Fred Keech, Mrs. C. E. Van Voorhis, Mrs. Fred Stowell, Mrs. Clyde Daniels, Mrs. T. B. Wheeler, Jr., Mrs. G. R. Hackney, little Miss Alice Stow-

FLASHED \$100 BILL ON CLERK; WAS ARRESTED

Guest in Columbus Hotel Loses \$2500 and Police Quickly Capture Two Suspects.

(ASSOCIATED PRESS TELEGRAM) Columbus, April 16.—His indiscretion in trying to spend one of 25 \$100 bills which the police believe he stole Wednesday from a guest at a local hotel today led to the arrest of Joe Read, 25, colored, a hall man and that of his friend, William Polk, aged 27, colored dishwasher at the same hotel.

The men purchased shoes in a store half a block from the hotel and excited the suspicions of a clerk there by offering a \$100 bill in payment. Police officers a little later arrested the men.

George J. Arronson of Philadelphia, a traveling man reported to the hotel authorities yesterday that he had been robbed of \$2500 in \$100 bills. The sum of \$2352.70 was found on the two men. Read was found in a sock sewed to his underwear. The men had bought a quantity of clothing. Arronson, who lost the money, claimed that he left it inside a pillow slip when he went to breakfast and that when he returned the money was missing.

W. O. W. CONVENTION SECURED FOR NEWARK BY BOARD OF TRADE

The head camp convention of the Modern Woodmen of the World will be held in Newark in 1917. Mr. Gus Weigand returned on Thursday from Toledo where he attended the convention and reports that Newark was chosen over Cincinnati, Cleveland and Akron who were contestants for the 1917 convention. About 300 delegates were present at Toledo and the Ladies Auxiliary to the Woodmen held its convention at the same time.

A Quick, Safe Relief For Indigestion

If the Pepsin pills, Sodamint tablets or other digestive aids you have been taking seem to have lost their force and it now takes two or three to give you the relief you got at first from one, it's time you changed to a new remedy that works on a different principle.

When your stomach gets in such shape an effective and quick acting remedy is found in Mi-na. Stomach Tablets made from a scientific yet radically different formula from the usual digestive aid. Mi-na not only gives prompt relief from sour, gassy stomach and the full, heavy, lumpy feeling that comes after eating, but it vitalizes the whole sluggish digestive and intestinal machinery and makes your stomach act to do its own digesting in a healthy, normal, painless way.

T. J. Evans and leading druggists everywhere sell Mi-na on a positive guarantee of satisfaction or money back and stomach sufferers everywhere should prove its merit on this basis.

THE SICK

Mrs. Coagett was removed from the City Hospital today in Criss Brothers ambulance to her home, 189 South Pine street.

Mrs. Biebout was removed from the City Hospital today to her home, 57 Channel street, in Criss Bros. ambulance.

Emanuel Page was taken from the City Hospital today to his home at 251 Stansbury street in the Bazler ambulance.

The two children of J. C. Cotterman of the Star Hotel, were removed today from the City Hospital to their home in the Bazler ambulance.

Mrs. Ella Davis, residing three miles northeast of the city, was taken from her home to the Newark Sanitarium Thursday evening in the Bradley ambulance.

Mrs. Henry Delay was removed from the City Hospital, today to her home in Bolton avenue, in the Bradley ambulance.

Organ Recital For Library Benefit Was a Success

The organ recital given last night at the Second Presbyterian church by the Investigators' club for the benefit of the Public Library was enjoyed by a large and appreciative audience. Mr. Bert E. Williams, organist of Columbus, assisted by Pros Hoppe, vocalist of Greenville, and Mrs. J. C. Bonshire, soloist, gave a program of unusual interest. A vote of thanks is given Mr. J. A. Kidwell, the photographer, whose photographs of the children who enjoy the story hour on Saturday morning, helped to make the invitations attractive and also helped in a financial way. To Mr. Duerr, the Arcade florist, who donated the palms for decorating the church; to the trustees who gave the use of the church, and to Mr. Tullie for his plan for the Public Library. The generous sum of \$40.50 was netted for the library.

The beggars of China are taxed and are assigned to locations systematically by the authorities.

NOT A BARBER BUT WAS READY FOR SHAVING

Fully equipped with all the articles necessary to keep one's face well shaved, Fred Wolfe, of East Liverpool, Ohio, 55 years of age, was haled before Mayor Bigbee in police court this morning on the charge of drunkenness. When arrested by Officer Corder Thursday evening, Wolfe's worldly possessions consisted of a knife, a razor, mirror and brush; of money, there was none, so Mayor Bigbee remanded him to the city prison to serve out a fine of \$5 and costs. Wolfe gave his occupation as a pottery worker and said that he was on his way to Zanesville.

David Defenbaugh, of Wheeling, W. Va., was also before Mayor Bigbee. David, a plasterer by trade, said that he and a friend of the same trade were on their way to Columbus where work awaited their coming, and if a fine was imposed, he would be unable to pay his trade, so Mayor Bigbee, sympathizing with the fellow in his predicament, extended the leniency of the law and imposed upon him only the costs. Defenbaugh, when arrested by Officers Buehler and Bossman, had \$3.40 on his person.

Adjustment was made Thursday in Utica, of an affidavit filed by Carl Graef with Mayor Bigbee, charging Benjamin Bell, a youth residing near Utica, with having forged a check in the sum of \$15. Graef accompanied by Officer Abbott made a trip to Utica where Bell's father paid the amount of the alleged forgery. No action was taken against young Bell.

Personal

Miss Ruth Hatch, of Asheville, N. C., will arrive in Newark Sunday to be the guest of her sisters, Mrs. J. P. Shai and Mrs. Earl Russell.

Mrs. Hal Ball has returned to Toledo after visiting Mrs. Anna Hatch of North Fifth street.

Clarence Shimmel and Clarence West and sister Miss Nellie of Newark, spent a very enjoyable Sunday with Edward and Sadie Gay—Pataskala Standard.

Mr. Clarence H. White of New York City is visiting at the home of Mr. John Felix in Passaic street.

Mr. Spencer L. Howell of Trinway, known as an extensive fruit grower, is in Newark overseeing the planting of a large orchard on the farm of his son-in-law, H. S. Reddick at the South Second street corporation line.

Adolph Schiff has returned from a South Second street corporation line, York City.

Mrs. J. Frenier of St. Clair street, has returned from Shawnee, where she was called by the serious illness of her mother.

Mrs. Asa Adler of Columbus is visiting friends and relatives in Newark. Mrs. C. Schafer of Glenford was a visitor in Newark on Friday.

Mrs. Lawrence Schweitzer of Glenford spent Thursday in Newark. Mr. and Mrs. Charles Littleton of Vanata were visitors in Newark on Thursday.

Mr. C. C. Stauffer has returned from a visit with his daughter at Terre Haute, Ind.

Mrs. E. A. Partridge of Columbus is visiting her son, William Partridge and family of 642 North Fourth street.

FIXING LINES TO SUBMARINE AT HARBOR ENTRANCE

(ASSOCIATED PRESS TELEGRAM) Honolulu, April 16.—The work of fixing lines to the wrecked submarine F-4 was continued today. Three lines are now fast to the craft, which lies in 288 feet of water, outside the harbor entrance.

ESTIMATE ESTATE OF ROTHSCHILD AT \$12,500,000

(ASSOCIATED PRESS TELEGRAM) London, April 16.—The estate of the late Baron Rothschild, was provisionally sworn for probate today at 2,500,000 pounds sterling (\$12,500,000). Baron Rothschild died in London, Mar. 31.

Got Her Answer.

A meddlesome woman in a street car began sneering at a young mother's awkwardness with her baby and said, "I declare a woman ought never to have a baby until she knows how to hold it."

"Nor a tongue either," quietly responded the young mother.

Easily Explained.

"That man seems to be making a great deal of money."

"Yet to the nature of his business he is always up against it."

"How is that?"

"He is a wall decorator."—Baltimore American.

Vain Wishing.

"Don't you wish you had a fairy god-mother?"

"All I want is a good plain cook, and that wish seems too fantastic to ever be gratified."—Kansas City Journal.

Ornate Cookery.

"Is your wife a careful housekeeper?"

"Oh, yes! This box of ribbons on the lamb chops and pink the edges of her buckwheat cakes."—Louisville Courier-Journal.

A man is very apt to complain of the ingratitude of those who have risen very far above him.—Samuel Johnson.

Victrolas

In Milady's Boudoir

BY GWEN SEARS.

The horror that comes with the first white hair! "Silver threads among the gold," holds no sentiment for the average woman. An extremely clear complexion and high coloring, however, redeem the face, which in a measure, is enhanced by the silvery halo. After one has turned away from the milestone of middle-age, gray hair may as well be accepted with equanimity, for nature has her one way of softening the lines of the face.

When the hygiene of the scalp receives proper consideration, there is less danger of early grayness. The scalp and hair must be kept free as possible from soil and dandruff, this includes shampooing and daily brushing of the hair. The attention must not end here, but daily ventilation, resting of the roots of hanging the hair about the shoulders, sun-baths and massage daily for ten minutes to keep the scalp loose are required.

Curling irons and the quick, electric dry are ruinous to the health and beauty of the hair. Hours of exposure to the sun and the wearing of false pieces all tend to affect the circulation and dry out the natural oil. Sitting under an electric desk light has caused silvery hairs to put in appearance long before their time.

It is very essential that all shampoos, lotions and tonics applied to the scalp should be especially adapted for individual use, otherwise these contribute towards falling hair, and early graying. Especially drying, because of their strong astringent qualities are soda, borax, ammonia, sulphate of quinine, and alcohol.

Most women object to the use of an oil or greasy tonic for the hair because they do not correctly understand their application. When applied with intelligent care there is no objection to their use. In the first place all lotions or ointments should be applied directly to the skin and not to the hair. Time and a good light and patience are required. Use a drop stopper, an eye dropper, tonic brush, or the finger tips. Rub in the grease until the application is absorbed.

Several nights or a night before shampooing the hair, rub into the roots a little crude oil. This has exceptional virtues and outweighs any unpleasant odor arising from its use. Failing this, try olive, almond or coconut oil for the same purpose. Vaseline in jelly or liquid form is nourishing and assists in keeping the color in the hair shafts by feeding the roots.

When the scalp is dry, hard and tight, falling hair and premature grayness, will not be long in putting in their appearance. Therefore this condition must be combated by the use of oils and massage to keep the scalp loose, in order to give the circulation necessary freedom.

Noticeable thinness can be hidden in these days of wonderful fashion. The reasons for excessive thinness

varies. For instance a woman who is in the habit of worrying herself day and night over nothing at all seldom gives herself a chance to gain weight. Then, too, it often happens that a girl who is always dancing, running around and eating at odd hours will be deplorably thin. This is very obviously curable if she is only willing to take the necessary measures.

In the first place, you can't afford to have nerves if you are a thin girl. Don't rush; try to remember that there are so very few things which are worth rushing for, that it is not worth while to risk your health over them. Nervousness, worry, and excitement have a definite and decided action on the digestive fluids. Take your food slowly, masticate each particle thoroughly. Once you have learned to do this you will never hurry. Eat at the same time every day, and don't eat between meals.

This is just the reason that most

of our young high school misses look so anemic. They dash out without breakfast, they don't carry a lunch because of a foolish pride, and they won't eat their suppers because they have spoiled their appetite by eating candy or a chocolate sundae down town after school. The result is very evident on their faces. Their eyes are dull, their skin muddy and sallow. This is by far a less attractive picture than that of a fresh, healthy looking girl with a lunch under their arm, if they could only be brought to realize it.

If this little school-girl's mother would only see that her daughter finished her breakfast before leaving and that she got to bed in time to get at least eight hours' rest, and that her lunch was plain and filling, her daughter's health and spirit would be different. There would be no more cross answers and unpleasant scenes when a correction was made.

If the thin girl would follow the simple directions for her diet which any physician will give her—such as eating plenty of starch and sugar compounds—and sleep, eat and exercise regularly, her weight will increase.

FASHION'S CHANGES AS SHOWN BY THE NEW MODELS OF

"Greek Maid Corsets"

This season shows many new and distinctive ideas in Corset styles.

The best is higher, though slender figures will continue to wear the lower bust models; the back is flat and straight, the waist line curved; the skirt will be about like last season; there are many models with elastic girths and sections.

The Front Lace Corsets

have the ventilated back over the spine, ventilated soft tongue under the lacing and elastic sections in the skirt for the perfect adjustment of the Corset to the figure.

We have a great variety of styles at prices most reasonable. GIRLS SEE OUR NEW \$1.50 FRONT LACED SPECIAL.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Evans' Drug Store, or any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

F. O. E.

Members are requested to be present at the next meeting April 20th, as the resolutions amending the by-laws of Licking Aerie No. 387 will be read the second time and the Aerie will be called upon to adopt the by-laws as amended by the committee. Matt Knueffer, Worthy Secretary; Jas. N. Fitzsimmons, Worthy President.

Is Dangerously Ill.
Mrs. Roe Hildreth is reported as being dangerously ill at the City Hospital.

To Locate in Columbus.
Mr. Harry Kale of Ash street has taken a position in the B. & O. offices in Columbus. Mr. and Mrs. Kale will move to Columbus in the near future.

Cottage Prayer Meeting.
The Union cottage prayer meeting will be held at the home of Mr. and Mrs. Sheppard, Oakwood and Garfield avenues, Friday evening at 7:30. Everybody invited.

Orchard Demonstration.
A practical orchard demonstration in pruning and spraying will be given at the home of Arthur Wyeth, 6 miles east of Johnstown, April 26th and at the home of G. D. Owens, Granville, April 27th, commencing at one o'clock. Every one interested in this work is urged to attend. A representative of the Ohio Agricultural Commission will conduct the demonstration. Bring specimens of injury for identification.

Newark Boy Honored.
Paul P. Rugg of Newark has been elected to membership in the Toastmasters Club of Ohio Wesleyan University. The Toastmasters Club is an honorary society whose purpose is the cultivation of the art of after-dinner speaking. Membership in this organization is a coveted honor. It is confined to the members of the senior class.

Quits Business.
G. Mossholder who has been conducting a saloon at 321 E. Main street quit business last night and surrendered his license to the local liquor licensing board this morning.

Candidate for Mayor.
Fred C. Neff treasurer of Columbus and a native of Etina, Licking county, will be a candidate for the Republican nomination for mayor of Columbus this year. Mr. Neff is serving his second term as treasurer of the city of Columbus.

Hospital Trustees Meeting.
The trustees of the Newark City Hospital will meet at 8 o'clock tonight in the Trust Building.

Call From Rochester.
Rev. Arthur Baldwin, son of Dr. C. J. Baldwin of Granville, has accepted a call from a Baptist church in Rochester, N. Y. Mr. Baldwin has been connected with the Foreign Baptist Missionary Board of which Dr. E. W. Hunt was until recently secretary.

Attorney Will Speak.
J. V. Hilliard will speak Sunday evening at the Woodside church on the legal side of "Sabbath Observance." Mr. Greene will speak on the subject from the Bible side. Mr. Greene will preach at Fairmount Sunday morning at 10:30.

Still Alarm.
A still alarm called the hose company of Central fire station to the old aqueduct in West Main street at 2:30 o'clock this morning. The blaze was soon extinguished and all danger to the rubber tire factory adjacent to the aqueduct was eliminated. The fire was supposed to have started from carelessness of smokers, resting or sleeping at that place.

Visiting In Zanesville.
Cephus "Shorty" Wagner, he of base ball fame in picking the winners daily, journeyed to Zanesville today, to tell the denizens of the Hottery City what good chances the Cincinnati Reds have of winning this season's pennant. Incidentally he will take in "The Chimes of Normandy" at the Schults opera house this evening and if his bank roll holds out may stay over until tomorrow evening.

\$5.00 With Uneda Biscuit.

A novel scheme for advertising the Uneda Biscuit crackers has been adopted by the Conrad Grocery Co. Five \$1 bills have been distributed through several hundred packages of

these famous Uneda Biscuit. These are on display in the window. You can pick your own package and for the regular price of 5 cents you may be one of the five lucky ones to secure a dollar bill.

Birth Announcement.
Mr. and Mrs. Dick Conozaro, of 236 Race street, announce the birth of a daughter.

Announcement of Birth.
Mr. and Mrs. Walter J. Reese of Detroit, Mich., announce the birth of a son on April 10. Mr. Reese was formerly located in Newark having the Ford agency.

Recovering From Operation.
Dr. H. P. D. Shaffer, a member of the firm of Shai & Hill, was removed from the City Hospital to his home in Elmwood avenue today. He recently underwent an operation for the removal of tonsils.

Is a Newark Boy.
In a recent dispatch from New York city, it was stated that 77 aliens had been arrested off the ship Kroonland. The arresting officer for the immigration department was George Wendell Moore. Mr. Moore formerly resided in this city and his wife is also from Newark, being Miss Nellie Early.

Would Ask
(Continued from Page 1.)
\$150 a day to be applied to their fines.

Persons who wish to be relieved of jury duty perpetually might become members of the Ohio National Guard by paying \$5 a year, according to terms of a bill introduced by Representative Knox of Washington.

A former law similar to this was declared unconstitutional because it did not prescribe a uniform fee.

defeated in the house yesterday were vote by which the Gallagher bill to amend the present mine run law was defeated in the house yesterday were planned by friends of the measure today. A motion to reconsider probably will be made Monday evening, it was said.

Supporters of the measure asserted today if the 17 members who refused to vote yesterday, will vote on reconsideration, they can get the necessary nine additional votes required for the bill's passage. They explained also that the house now can pass the bill, after once killing it, without retracting the rubuke of coal operators lobbying, which members thought was implied by yesterday's action.

Steps to secure reconsideration of two measures, the Ott bill, regulating the hours of employment of street car employees, and the Sprague bill, to license nurses, were taken by the senate today, after long and involved parliamentary battles. They will be acted upon next Wednesday afternoon.

The avowed purpose of reconsideration was fear that the Ott bill would affect seriously the three cent fare movement in several Ohio cities.

A plan by which one license commissioner shall be selected in each county at the primary, will be recommended as the basis for a bill to decentralize the liquor licensing system by the subcommittee of the house temperance committee Monday evening, according to announcement made today by Representative Kious of Madison, chairman of the subcommittee. The general plan on which the secondary committee agreed is the substance of the bill of Representative Andrews of Marion pending in the temperance committee.

The Andrews bill provides that the man receiving the highest number of votes at the primary shall be appointed by the state liquor inspector, who is to be appointed by the governor to replace the present licensing board. The county commissioner's pay is to be on the basis of \$12.50 for each 1000 population, but not more than \$3600.

The subcommittee also will recommend more strict regulations to prevent breweries from selling to consumers and to restrict retail dealers to small quantities of liquor.

Governor Willis is said to disapprove of the feature of the proposed decentralizing measure which creates a new county official, as his avowed attitude always has been to make some present county officials the licensing authority.

VILLA FORCES
(Continued from Page 1.)
Our cavalry charged on the enemy's flank and front, determined its fate and at 1:15 p. m. (April 15) the retreat in great disorder began. Our soldiers were then on their trenches causing the enemy terrible loss of life.

"We have picked up from the field over thirty cannon in perfect condition with all their ammunition and beasts of burden; over 5,000 Mauser rifles; and we have taken more than 8,000 prisoners and large number of horses, saddles and other war materials."

"Our cavalry column is pursuing what is left of the enemy and I am hopeful that the enemy's train and such accoutrements as it carried with it on its retreat may be captured."

"At this time I calculate that the enemy's losses exceed 14,000 men, 600 horses, 200 wounded and prisoners. Our losses do not exceed 200 men dead and wounded, among the latter being a colonel and an officer of my staff."

MEXICANS INVESTIGATE.
(Associated Press Telegram)
Washington, April 16.—Investigation of reports that Mexican neutrality is being violated by the operations of Japanese naval forces in the Gulf of California, was undertaken today by the Villa agency here.

Enrique C. Lorente, head of the agency, telegraphed General Canby, military governor of Lower California, asking for a full report on the situation.

The United States government also has taken note of these reports, and Secretary Daniels announced today that Admiral Howard, commanding the Pacific fleet, had been directed to furnish the navy department any information on the subject.

Read Advocate Wants tonight.

A Strange Punishment.
Professor Petrie, the eminent Egyptologist, while exploring about thirty-five miles from Cairo, discovered a tomb of the twelfth dynasty that thieves had broken into thousands of years ago. A tragedy attended the robbery, as Professor Petrie also discovered. The Sunday School Times calls it "a tragedy of providential justice."

"It appears," says Professor Petrie, "that the plunderers removed only a few bricks, so that a man could crawl into the tomb. One of the men entered, opened the coffin, lifted the mummy out and laid it across the coffin, so that he could easily unwind the bandages. He first found a collar of beads, which he passed out into the shaft, where he found it. Then he came to the jewel (a beautiful work of gold and colored gems), and took it from the body. Before he could do anything more the roof apparently fell in and crushed him and the mummy. The other robbers, seeing the fate of their accomplice, abandoned the tomb and fled in the shaft to hide their guilt."

The explorers found the skeleton of the robber beside that of the mummy.

Homemade Barometer.
To make a cheap but effective barometer take eight grams of pulverized camphor, four grams of pulverized nitrate of potassium, two grams of pulverized nitrate of ammonia, and dissolve them all in sixty grams of alcohol. Pour the whole lotion in a long and slender bottle, the top of which should be closed with a piece of pig's bladder—which your family butcher will give you gratis—containing a pin hole to admit air. When rain is about to visit you the solid particles of your liquid barometer will tend gradually to mount, little star crystals forming in the liquid, which otherwise would remain clear. Should high winds be approaching your barometer will become thick, as if fermenting, in addition to which a solid film of particles will form on the surface. Fair weather is indicated by the liquid remaining clear, with the solid particles settling into a firm sediment.—London Answers.

Beavers as Engineers.
In "The Romance of the Beaver" A. R. Dugmore, the author, tells how he watched a colony of beavers in Newfoundland building a dam across a swift stream about forty feet wide.

"Before the work was quite finished, so that the dam had not yet settled enough to gain its proper strength, there came a great rain, which continued for several days and flooded the country. The beavers, seeing that their new dam was threatened with immediate destruction, came down during the night and made a large opening by cutting away the sticks. This allowed the water to escape, and so the dam was saved. No sooner had the water resumed its normal level than the little engineers closed the break they had made and continued the structure."

The Habeas Corpus.
The substance of habeas corpus was given in the famous Magna Charta of 1215, but as today understood the habeas corpus refers to the act of 1679. This act provides that any man taken to prison can insist on being brought by his accuser before a judge, who shall immediately decide whether or not bail is to be given; that the accused shall have the question of his guilt decided by a jury of twelve men and not by a government agent; that no one can be tried twice on the same charge; that every one may insist on being examined within twenty days of his arrest and tried by jury the next session; that no defendant may be sent out of the country for imprisonment.—New York American.

Versts and Miles.
Many people know that to multiply any number of French kilometers by five and divide the product by eight is to get an exceedingly close approximation to the number of miles in the same distance, but it is even easier mentally to convert versts to miles, as one of the former is equal to 0.633 of the latter, or almost exactly two-thirds.

Trees and Chimneys.
The existence of tall plants and trees depends largely on the wind force. A tree with square trunk and branches would offer so much resistance to the wind that it would be continually having its branches snapped. Engineers build tall chimneys and piers for bridges round in preference to any other form.

Not Practical.
"Did you attain the high ideals you set for yourself when you were young?" asked the friend of his boyhood.

"No," replied the millionaire, "and I'm glad I didn't. I see now there was no money in them!"—St. Louis Post-Dispatch.

Toucher.—I'm going to work next week, but I'll need a few dollars to live on till pay day. Can you see me through? The Wise Guy.—No, but I can see through you.—New York Globe.

Subconscious Cerebration.
"The bridegroom appeared cool and collected."

"Yes, he didn't seem to realize that he was losing control of himself!"—Philadelphia Ledger.

Very Poor Taste.
"I hate that girl!"

"Yet you lend her your clothes."

"Yes, and she has the bad taste to look better in them than I do!"—Kansas City Journal.

Corrick's big industry is the manufacture of chestnut extract.

LET SENTANEL LAXATIVES DO YOUR SPRING CLEANING

Wonderful Little Performers, 10c

Like your house, your system needs a little special attention in the spring. Winter has left your bowels clogged, your liver lazy, your blood impure; you need a good inside housecleaning.

Sentanel Laxatives will do the trick. And do it without pain or griping. They work more effectively than the ordinary cathartic, for they not only clean out the nasty, noxious poisons, but put your liver back on the job, but they tune up the whole system so that you feel simply great!

There's not a bit of mercury (calomel) in Sentanel Laxatives. They are made entirely from old-fashioned, time-tried herbs and plants that are used by physicians you a box. 10 doses 10c. Get them busy tonight. Your money, back if they don't quickly make good. The Sentanel Remedies Co., Inc., Covington, Ky.

SOCIALISTS HOLD SECRET MEETING; DEMAND WAR'S END

(Associated Press Correspondence)
London, Tuesday, April 6.—News has just reached London of a secret international conference of Socialist women, which was held in Berne, Switzerland, last week.

The conference was called by the international secretary of the women socialist organization, Miss Clara Zetkin, one of the leaders of the German social democratic party, to consider the policy to be adopted by the organization in regard to the present war. The delegates present represented Germany, England, France, Russia, Poland, Switzerland, Italy and Austria.

A general resolution was adopted after lengthy discussion calling for "a speedy ending of the war by a peace which shall expiate the wrong done to Belgium, impose no humiliating conditions on any nation, and recognize the right of all nationalities, large and small, to independence and self-government."

The resolutions referred in general terms to the capitalist and imperialistic origin of the conflict, the menace of the armaments interests and the huge international organization and the extortions of contractors and food speculators.

Relations between the British and German delegates were entirely amicable, it is stated and the cordial relations between the German delegates and those from France were equally marked. No announcement of the conference was made in advance because of the difficulty and danger attending the trips of the delegates from Germany and Austria as well as those representatives of neutral countries who had to travel across Germany.

Granville

(Special to Advocate.)
Granville, April 16.—Thursday evening in Granville is generally observed as prayer meeting evening, all of the churches having selected it for their weekly service, in years gone by. So far as is possible, no other interests are allowed to obtrude themselves on this one evening, unless in a season of many conflicting engagements.

There were evidences late last evening that "the sem" had been serenaded.
Granville friends of Mr. E. A. Deeds, who for years has been associated with the National Cash Register company of Dayton, have been apprised of his recent action in resigning his position as vice president of that company. Mr. Deeds is a Denison alumnus, of the class of '97; is chairman of the Miami valley flood prevention committee; a trustee of Denison university and connected with many other important public and private enterprises which demand his time and attention, hence his decision.

Mrs. and Mr. Carey Jones and three children, who have been making their home in Los Angeles, Calif., for a number of years, have arrived in Granville. They will make their home on the E. L. Jones farm on North street.

The W. C. T. U. will be entertained at the home of Miss Abbie Davies in East Broadway next Friday, April 23.

Mr. Fulton Van Voorhis, who with his family has spent the winter on the Isle of Pines, has returned home, Mrs. Van Voorhis and the children will return later.

Mrs. C. N. Harford has returned to her home in Elm street, after a visit of several weeks with her mother at Licking, O.

Mrs. Grove B. Jones has arrived from her winter's sojourn in Georgia and will visit her mother, Mrs. B. I. Jones until joined by her husband, in two or three weeks, when they will go to Mr. Jones' next post as soil expert for the government.

The board of trustees of Denison University will meet next Tuesday. The members will be the guests of the college at dinner in Shepardson commons on that occasion.

Mrs. Fred Moore delightfully entertained the ladies of the Social Sewing club with a three course dinner on Wednesday afternoon. The election of officers, which occupied most of the afternoon, resulted as follows:

President, Mrs. Ora Warner; vice president, Mrs. Fred Moore; secretary, Mrs. Clara Butt; treasurer, Mrs. Robert Fowler; committee, Mrs. J. E. Warner. In the guessing contest which followed, the two prizes were won by Mrs. Cooper and Mrs. J. G. Warner. Two new members were received, Mrs. Cooper and Mrs. Lewis.

Granville is busily engaged in discussing public improvements, and is agitating the question of electric lighting in addition to the sewer, and the paving of Broadway, both of which have become crying needs in the town. There seems to be a general protest against a brick pavement for the main thoroughfare, though all are unanimous in demanding something, anything, as a relief from the present disastrous condition.

Prof. Theodore Johnson is to appear in a new role this evening. Denison's efficient civil engineer, Granville's consulting engineer, head of the department of physics in Denison University, will demonstrate his versatility as Mr. Jeremiah Robinson in the "Singing Snake" to be given in the Opera House at 8 o'clock tonight. Mrs. Johnson as Roseanna Giggles will have a shining role. Other singers will be Mrs. J. W. Royer, as Judith Shakespear, Mrs. C. D. Coons as Charley Burdette, Evangeline Davies as Angelina Tartedrop, Mrs. M. E. Stinson as Samantha Ann, Mrs. C. J. Lovell as Trilby O'Farrell, Mr. W. P. Uffman as to be Hickory Jones, the long-legged kid. All the other members each of whom is a star, will do their part in furnishing an evening of diversion for Granville people.

BIRTHDAY SURPRISE

Mrs. Frank Strear of Webb street, entertained her sister Miss Sue Rarick with a surprise party, it being her birthday. The evening was spent in card playing and at a late hour a dainty supper was served.

How much ammunition does a modern army use? We shall not know until after the war what the German and allied forces have been expending. We know what the Germans used in 1870-1871. The total for that war was 30,000,000 cartridges; 100,000 artillery, 302,000 rounds.

Tennessee last year produced minerals valued at \$21,672,931.

Rexall Orderlies

Sick headache, biliousness, piles and bad breath are usually caused by inactive bowels. Get a box of Rexall Orderlies. They act gently and effectively. Sold only by us at 10 cents. Hall's Drug Store.

It's false economy to use cheap-looking stationery. You can't go wrong if the Advocate prints it

American Machine Co.

34 South Third street. Across from Lyric Theatre

PRIM PUMPS

EXHIBIT
EXTRAORDINARY

NEVER so exquisite in designs, with the harmonious effect acquired with the sand and dove shades, black and white effects done in patent and dull leathers, also in bronze. Faultless in fitting.

\$3.00 to \$4.50
